ROGERS JURY IS DEADLOCKED TWO KILLED IN AUTO CRASH AT RIVER

BARDWELL WOMAN AND BROTHER-IN-LAW FALL FROM BRIDGE

ACCIDENT OCCURRED AT
TRINITY RIVER NEAR EN-
NIS THURSDAY

ENNIS, Sept. 19. (AP)—Mrs. Mollie Ward, 55, and Earl Hill, 45, of Bardwell, near here were killed today when the automobile in which they were riding got out from under control and crashed through the Trinity river bridge 15 miles east of here.

Mrs. Ward was killed instantly and Hill, her brother-in-law, died shortly after being brought to a hospital here.

The accident occurred when the car got off the runways of the bridge and went through the railing as Hill attempted to right it. The automobile with its occupants fell 40 feet to the river bed.

The couple were en route to Kemp where Mrs. Ward was to have celebrated her birthday with relatives.

Large Increase in Loans to Brokers

WASHINGTON, Sept. 19. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending September 18, were announced by the federal reserve board today as \$5,569,000,000, representing an increase of \$95,000,000 as compared with the previous week, establishing a new record for the fifth successive week.

BORGER SITUATION GROWING STRAINED RESULT OF CHARGES

RANGERS SAY EVIDENCE OF
OFFICIAL PLOT; WIDOW
OF HOLMES TALKS

AMARILLO, Sept. 19. (AP)—Two women were arrested here today on the request of Borger, Texas, officials. They were said to be wanted in connection with a disturbance there last night. Officers denied they were arrested in connection with the slaying of John A. Holmes, Hutchinson county prosecutor, last Friday.

BORGER, Sept. 19. (AP)—Accusation of the young widow of District Attorney John A. Holmes, slain from ambush, that local officials did not aid him in his campaign against criminals was followed today by Sheriff Joe Ownbey's statement that he had "located" a suspect but would make no arrest until more evidence had been obtained.

After Texas Rangers had asserted they had affidavits in their possession concerning an alleged plot between city and county officials, Mrs. Holmes declared to newspapermen that only one man, whom she did not name, had made any effort to aid her husband in fighting crime here.

"The rest of them," she said, "were afraid. When there is no one to help, you have to play a lone hand. Mr. Holmes never had any fear. He was all I had, and now they've taken him."

Arrest Believed Near.

The Rangers in discussing the affidavits declared they knew the motive for Holmes' slaying and intimated they expected to make an arrest soon.

The widow's statement, two days after the prosecutor had been slain by an assassin who skulked near the garage door at the victim's home, that she believed she knew who killed him, led Ranger Captain Frank Hager to say he expected to effect an arrest.

The state officers' intimations were resented publicly by two deputy sheriffs, Jim Crane and Cal Baird—but each declared he would cooperate in seeking the murderer. Crane and Baird, they said, deplored the "blanket" nature of assertions.

Chief of Police J. W. Crabtree announced he would get \$1,000 that "the right party is arrested."

(Continued on Page 11.)

AMERICAN MOVIES FOR FRANCE

PARIS, Sept. 19. (AP)—An agreement ending the present conflict with American motion picture producers has been reached between Harold S. Smith, representing the American interests and French motion picture interests. It is expected American films which have been mostly disappeared from French screens will be seen again shortly.

GASTONIA RIOTS BRING DEATH AND SUFFERING

When anti-communist demonstrators at Gastonia, N. C., shot into a truck containing striking textile workers killing Mrs. Ella May Wiggins, they left these little children motherless. They are left to right, Albert, 3, Myrtle, 11, holding 13 months old Chalady, and Minnie 6. (Inset) Bill Dunne, secretary of the Communist Party of America, reported missing after the strike disorders at Charlotte, N. C.

BANK PRESIDENT CAPTURED BANDITS AFTER ROBBERY

FOUR ROBBERS RUN DOWN
BY BANK HEAD AND AN-
OTHER MAN THURSDAY

LOCK HAVEN, Pa., Sept. 19. (AP)—Four bandits who held up and robbed the cashier of the Beech Creek National bank, 12 miles from here, at noon today were captured at Runville, near here, by Dr. George Tibbins, president of the bank, and a man named Bennett. The \$8,000 stolen from the bank was recovered from the bandits' car.

Dr. Tibbins saw the bandits soon after the holdup and fired at them. The bandits returned the fire, and the bank president pursued them in his car. At Howard, the bandits turned toward Runville where Bennett stopped them and held them until Dr. Tibbins arrived.

Choice Liquors Held In Maine Jail Thursday

BRUNSWICK, Me., Sept. 19. (AP)—More than 3,000 quarts of choice liquor, valued at \$35,000, which officials said were imported for distribution in New York, Niagara Falls and Pittsburgh, today were held in the Brunswick jail while authorities sought to uncover further ramifications of a rum ring believed to have operated from this section.

George B. Alberts, alias Brittan and Barnes, of Calais, was arrested after officers said he admitted he was the caretaker of a cottage at Gun Point, where the liquor was found last night.

Evidence taken in the raid included letters and telegrams from persons in eastern cities ordering liquor shipments.

BANK FAILS TO OPEN

NEVADA, Mo., Sept. 19. (AP)—The First National Bank of Eldorado Springs, Mo., failed to open for business this morning and its affairs were placed in the hands of a United States controller.

The bank has capital stock of \$500,000, deposits of approximately \$300,000, and is one of the oldest financial institutions of Southwest Missouri.

MARRIED IN BERLIN

BERLIN, Sept. 19. (AP)—Lieut. Col. Carl H. Muller of Houston, Texas, member of the historical section of the United States army general staff, and Miss Frances E. Mueller, daughter of Mr. and Mrs. Frank Mueller of Davenport, Iowa, were married in the American church at Berlin today.

SENATE REPUBLICANS CALLED TOGETHER FOR POW-WOW FOR SHOWDOWN TARIFF MEASURE

By FRANCIS M. STEPHENSON
(Associated Press Staff Writer.)
WASHINGTON, Sept. 19. (AP)—Senate Republicans were called to get together today for a party pow-wow on the tariff as a showdown approaches on this controversial bill.

Senator Watson of Indiana, Republican leader, called the party gathering with a view to sounding out his strength in the approaching contests and with an eye to lining up his forces for the more immediate issue—on the flexible provisions of the tariff act.

Two splittings in Republican ranks this week on the tariff are giving some concern to majority leaders. The Republican independent group, headed by Senators Borah of Idaho and Norris of Nebraska, has been counted out of the party fold for some time so far as any votes on the tariff bill are concerned. Now the new split involving senators from the far North-western states is giving worry.

To hold a majority against a combination of Democrats and Republican independents, the Republican regulars cannot afford to lose the support of the far northwestern group, including Senators Hiram Johnson of Oregon, McNary and Stewart of Oregon, and Johnson of California. This group is contending for higher tariff rates on some commodities, particularly on lumber and shingles, whereas the Republican independent faction is against any tariff increases except on agricultural products.

President Hoover is understood to be anxious that the flexible provision of the tariff act be retained. This allows the president to raise or lower duties by 50 per cent upon a report by the tariff commission. It has aroused strong opposition on constitutional and other grounds.

Strategy in the tariff debate also was a subject before the Republican conference today. There is some difference of opinion in the ranks over the program to let the bill speak for itself and to leave the debating to the opposition. Some of the majority are insisting that every attack be answered.

Main concern of the leaders, apparently, is to get speedy action. They want the bill out of the way before the regular session opens in December. They want it out of the realm of discussion before the principal primaries open next spring.

FATHER AND SON WANTED FOR DEATH OF MAN AT LARGE

LLANO, Sept. 19. (AP)—D. K. Ellison and his son, Barry, wanted in connection with the slaying here Tuesday of L. C. Caloway, had not been found by officers today.

A posse of officers and citizens, led by bloodhounds searched this section yesterday, but the only clue uncovered was the remains of a campfire near Art, 25 miles west of here. The men were said by officers to have left home about shortly after the shooting.

The three men were known to have quarreled, officers said, over a building the Ellisons were constructing.

Many Entertainments For Miss Trumbull Prior to Marriage

PLAINVILLE, Conn., Sept. 19. (AP)—A round of pre-nuptial entertainments is keeping Miss Florence Trumbull busy as she prepares for her marriage next Monday to John Coolidge.

Showers, teas, dinners and dances are following one another in rapid succession, while at moments in between the prospective bride and bridegroom are opening presents, arriving at the rate of 25 to 30 a day.

One of the most recent of the series of social events was a grocery shower at which Miss Trumbull, in the words of a guest received enough "staple groceries" to keep two persons supplied for at least two months.

Three Injured in Crash Big Plane

MIAMI, Fla., Sept. 19. (AP)—Three crew members were hurt when a large amphibian plane of the Pan American Airways crashed in taking off from the airport here today. Edgar Fatrouse, radio operator, suffered a broken arm and possible internal injuries. The others were not badly hurt.

The plane was bound for the Canal Zone with mail.

PRO AGENT DIES

EL PASO, Sept. 19. (AP)—Jay D. Reeder, district prohibition administrator, stricken last Friday with apoplexy, died here today. He had been unconscious six days.

RAILROAD TRACKS WASHED OUT WHEN RAINS STOP FLAMES

FOUR MAJOR CONFLAGRATIONS
SUCCUMB TO ELEMENTS
IN NORTHWEST

LOS ANGELES, Sept. 19. (AP)—Rain and storms which quenched four major fires, including the disastrous \$3,500,000 Ventura county conflagration had washed out railroad tracks and stalled passenger trains today.

Efforts of fire fighters to quell the blaze which consumed 25,000 acres of Ventura county watershed, destroyed 126 oil derricks, five school houses and scores of homes, were successful when the storm wrapped a heavy blanket of moisture over the countryside. A large section of the Ventura triangle tract, bounded by the cities of Santa Paula, Ventura and Ojai, became a sodden mass of wet ash and steaming embers. Of 2,500 men at one time mustered to battle the flames, 200 remained to guard the tracks.

INVESTIGATIONS OF FLOGGING AND BLAST FROM FOUR ANGLES

KINGS MOUNTAIN, N. C., Sept. 19. (AP)—Four investigations of the flogging of Cleo Tensar of Baltimore, organizer of the National Textile Workers' union, and dynamiting of a platform used by union speakers, latest of many acts of violence accompanying strikers in North Carolina textile centers, were in progress today.

The flogging was the second within ten days, three union members having been kidnapped and one of them lashed by a mob last night.

Governor O. Max Gardner sent his executive counselor, N. A. Townsend here to make an inquiry and also requested L. S. Spurling, solicitor general, to make "a diligent search and prosecution in the flogging and dynamiting" here.

Sheriff Irvin Mallen of Cleveland county launched an investigation yesterday. Sheriff J. F. Wright of Gaffney, S. C., also began an investigation upon evidence Tuesday was carried across the state line into South Carolina before the actual flogging.

KANSAS CITY MAN SENTENCED TO TWO YEARS FOR BIGAMY

KANSAS CITY, Sept. 19. (AP)—Elmer Schade, alias Eugene Boehler, father of the "Sole Baby" which caused an extensive investigation here, last yesterday was sentenced to two years in prison for bigamy.

Schade was convicted of marrying Hattie L. Fill, mother of the "Sole Baby," while still married to Mrs. Laura Joehler, whom he had deserted in Chicago. The second marriage resulted in dismissal of federal man act charges against the father.

Investigators previously alleged the man accepted \$50 from a California woman as part of a plan to give the woman custody of the infant.

INJUNCTION WILL STOP COMPETITION FOR RAIL LINE

AUSTIN, Sept. 19. (AP)—Judge J. D. Moore of the Travis county district court today, granted an injunction applied for by the Missouri Pacific Transportation company restraining service cars from operating without a permit from the railroad commission.

The cars complained of were operating in the Rio Grande valley. The owners were Julio Rodriguez, Henry Geatins Jr., R. S. Ytyle and W. B. Mussett.

Defendants claimed they were entitled to operate because they traversed no fixed routes on regular schedules and asserted they had paid their state registration fees and chauffeurs licenses.

ACCIDENT FATAL

VICTORIA, Sept. 19. (AP)—Emile Nitschmann, 56, farmer and insurance agent of Telefuner, was found injured fatally near his automobile yesterday. A pistol was found in a blazing fire, he was found dead. He left a note saying he had been the victim of an accident.

PEACOCK MURDER TRIAL WAS ADJOURNED 24 HOURS AFTER DOZEN WITNESSES TESTIFY

WHITE PLAINS, N. Y., Sept. 19. (AP)—With the testimony of a dozen prosecution witnesses in the record the trial of Earl Francis Peacock for the murder of his wife, Dorothy, stood adjourned today. No reason was given by the court for the 24-hour interruption in proceedings.

At the end of yesterday's session Captain Michael Silverstein, of the Mount Vernon, N. Y., police was on the stand telling how the 21-year-old radio technician had confessed the slaying of his wife. He was inquiring about the law of justifiable homicide.

Dr. Amos Squires, medical examiner of Westchester county, and Dr. Thomas A. Gonzalez, deputy chief medical examiner of New York City, testified Mrs. Peacock died of manual strangulation.

District Attorney Frank A. Coyne brought out in the testimony of the doctors that the pressure of the fingers of the assailant would have to be maintained upon the throat of the victim for three to five minutes to cause death, long enough to establish the fact of a determination to kill.

Under cross-examination Dr. Gonzalez testified that he had been in a much briefer period if the victim had been struck on the head with a pistol butt, as Peacock said he struck his wife, or if she had struck her head against a piano leg when knocked down. The doctor also said suffocation by a hand held over the mouth and nostrils could cause death.

Alphonse Heintzelman, father of the 20-year-old victim, testified identifying the charred body of his daughter, found in a thicket near Scarsdale, N. Y., a week after the killing last April 21.

Dennis Connelley also had him identify his daughter's handwriting on a number of letters, which the attorney said had been written by her to Eugene Bussey, former Johns Hopkins University student, who after the killing told of having been friendly with Mrs. Peacock.

DEVIL DOG LEADER WILL LEAD LEATHERNECKS BACK TO TOWN FREE OF BOOZE

By FRANK I. WELLER
(Associated Press Feature Writer.)
QUANTICO, Va., Sept. 19. (AP)—Assured that he will have his way about prohibition enforcement in this little marine port town, Major General Smedley D. Butler is making plans to get out his band and lead back the 2,000 Leathernecks he took away last Saturday to the consternation of local business men.

Appointed commandant of this famous training base three months ago, the veteran "Devil Dog," who says lack of public co-operation hindered his clean-up of Philadelphia as its borrowed police commissioner, warned Quantico it must "take between the 'lawless element' and the mass of law-abiding citizens made by federal agents didn't satisfy the general. He marched out, and with him went the men who make up 90 per cent of the customs of the town."

After a hectic week of council meetings, "calls" on residents careless of conduct, and hasty trips to neighboring municipalities in his blue roadster to borrow warrants, the general is now in a better position to develop and utilize the power and it might be more practical to solicit an offer from them."

HENRY FORD NOT NOW INTERESTED IN MUSCLE SHOALS

WASHINGTON, Sept. 19. (AP)—Henry Ford is not interested in again bidding for the gigantic Muscle Shoals, Alabama, power project and has so advised Senator Borah, Democrat of Alabama, who recently wrote the Detroit manufacturer requesting that he do so.

In reply to the Alabama senator, E. G. Leibold, general secretary to Henry Ford, wrote "We have no plans at this time whereby the power at Muscle Shoals could be utilized."

The letter of Mrs. Leibold follows: "In reply to the writer has been instructed to advise you that we have no plans at this time whereby the power at Muscle Shoals could be utilized and that it would be beyond the question for Mr. Ford to again make an offer."

"He has also suggested that in his opinion other interests are in a better position to develop and utilize the power and it might be more practical to solicit an offer from them."

Six Convicts Escaped From Ramsay Farm

HOUSTON, Sept. 19. (AP)—Six convicts escaped from the Ramsay state prison farm late last night, according to a telegram to police today from J. W. Denton, criminal records clerk at Hughtsville. Details of how the men made their escape were not told in the message.

Others missing in the break were Grady Faulkner, 7 years for burglary and forgery from Robertson county; L. A. Hendrickson, 2 years for theft in Carson county; J. D. Fane, 2 years for forgery, Kerr county; Cleo Dickson, 15 years for robbery by firearms and automobile theft, Cook county, and J. G. McKnight, four years for burglary and theft from McLennan county.

German Mine Disaster Grows More Serious

SAARBRUCKEN, Sept. 19. (AP)—Seriousness of the St. Charles coal disaster, reported three days ago, is growing hourly, with a death list of 2 and 25 injured.

After three days continuous fighting against underground fire, the blaze continues with undiminished seriousness, and tremors occasionally felt indicate further explosions have occurred in the galleries containing bodies of victims.

The neighboring Velsen mine is endangered by poisonous fumes emanating from a disused branch of the St. Charles workings. It is believed the only recourse is to flood the St. Charles mine.

Cause of the explosions has not been discovered.

Dallas Lad Back Home; Homesickness Caused All Trouble

DALLAS, Sept. 19. (AP)—Ashford Hughes, 14-year-old son of Mr. and Mrs. Huey Hughes of Dallas, arrived home today after officers of several states had been requested to look for him. The lad disappeared from a train while en route to a Missouri school. He said he became homesick, left the train at Parsons, Kan., and started home.

REPORTED UNABLE REACH AGREEMENT; SENT BACK AGAIN

FOREMAN TELLS JUDGE
EACH JUROR HAD DIFFER-
ENT OPINION ON CASE

NEW BRAUNFELS, Sept. 19. (AP)—The jury in the Rebecca Bradley Rogers bank robbery case continued its deliberations late today. No word had been received from the jurors since they reported they were deadlocked this morning. Judge John Watson indicated he would dismiss the deliberators tonight if no decision had been reached by then.

NEW BRAUNFELS, Sept. 19. (AP)—The jury in the Rebecca Bradley Rogers bank robbery case reported to Judge John Watson today it was deadlocked. The jurist sent the 12 men back to their room for further deliberation.

Egon Roessing, foreman of the jury, told the judge that each juror had a different opinion regarding the former University of Texas co-ed's guilt and requested that the jury be discharged, with Mrs. Rogers charged with robbing the Farmers' National Bank of Buda, Tex., of \$1,000 in 1928. Her defense was insanity.

Young Husband Pleads For Wife

NEW BRAUNFELS, Sept. 19. (AP)—The Rebecca Bradley Rogers bank robbery jury had the case today after last night's short deliberations had left two possibilities (Continued on Page 11.)

FRENCH ATTITUDE TOWARD AGREEMENT ON NAVY THREAT

APPREHENSION FELT BY
FRANCE ALSO SHARED BY
OTHER NATIONS

PARIS, Sept. 19. (AP)—French apprehension regarding the character of the prospective Anglo-American naval accord is increasing to such an extent as to constitute a threat to the complete success of the only of the preliminary agreement between the United States and Great Britain but of the larger issue of a general move for reduction of armaments.

French fears voiced on public platforms, in the press and by authoritative circles are echoed from other parts of the continent, chiefly Germany. From Germany the common full-hearted approval of the trend of affairs regarding armaments, but French spokesmen intimate lesser continental powers share concern regarding developments which it is feared might be beneficial to former enemy nations of the World War, or which would, by means of a far-reaching Anglo-American political entente, strengthen British political power in Europe and other parts of the world at the expense of legitimate French development as a great world power.

France is Watching.

French observers are watching Geneva as closely as London and Washington for moves likely to work out unfavorably for France. One is seen in the proposed naval accord. Alarm is expressed by that the question of training reserves, always a delicate point on the continent, must be ultimately considered in the general disarmament scheme.

In forceful language the newspaper Temps, renowned for studied and authoritative comment, asks exactly what America and Britain are driving at in the proposed naval accord. Alarm is expressed by the newspaper L'Intransigeant, which characterizes Lord Robert Cecil's move at Geneva to reopen the question of limitation of training.

(Continued on Page 2)

Doings of Congress

(By The Associated Press)

Thursday.

Senate continues tariff debate. Republicans consider stand in tariff controversy.

Senate finance committee republishes study list of firms whose tax returns they may wish to see.

Wednesday.

Senate rejected tariff bill amendment to restrict administration of plant quarantine act.

Senate began consideration of treaty aimed at international import embargoes.

Senate finance committee made public names of 325 corporations, firms and individuals whose tax returns were requested by democrats.

Senate confirmed promotion of Brigadier General Frank R. McCoy and Ralph H. Vandeman.

FROST COMMUNITY FAIR PROGRAM AND PRIZE LIST READY

FAIR WILL BE HELD ON SEPTEMBER 26, 27 AND 28 IN FROST

Program and premium list of the Frost Community Fair, which will be held September 26-28, and the yearbook of the association has made its appearance during the past few days, and preparations are now under way for the second annual exposition.

The first fair was held in 1923 with unusual success and an even greater fair is planned for this year. Officers of the Frost Community Fair are Ed Sheppard, president and manager; J. A. Sanders, vice-president; Johnnie Strain, secretary and treasurer.

Members of the executive committee are J. C. Beck, I. A. Sanders, Ed. J. Sheppard, R. F. Shaw, E. A. Patterson and J. M. McNeely. The finance committee is composed of J. C. Beck, I. A. Sanders and J. M. McNeely.

Chairmen of the various departments of the fair are: Harrison, Poultry, L. E. Mitchell, Cattle, I. A. Sanders, Hogs, R. A. Dawson, Sheep, Q. G. Keathley, Woman's work, Mrs. H. H. Stephenson.

Culinary, Miss Tillie Smith, Textile, Mrs. W. V. Harrison, Antiques, Mrs. D. D. Holland, Art, Mrs. J. M. McNeely, Floral, Mrs. R. L. Tompkins, Horses and mules, J. A. Ledford, 4-H Club, Mrs. Mattie Wilroy, Mrs. H. J. Keathley.

General exhibits, entertainment, sports and races, Charles McMichen.

Thursday, opening day, has been dedicated to school day and club girls' day. The All-Texas Shows will occupy the midway during the fair. On Friday a radio artist from Station WFAA will present several entertainments, and judging will be started in the poultry, cattle, hogs, sheep, agriculture, rural exhibits, ladies' work, and club divisions.

Another feature of the closing day will be the baby contest sponsored by the Worth While Club of Frost. Dr. Homer B. Jester of Corsicana will be in charge of the contest. Beauty doesn't count this time. Bring your babies.

An attractive list of cash prizes and ribbons are offered in each department, and advance registration points to a record number of entries. "Meet Me There" is the slogan adopted by the fair association.

Better Babies Will Be Awarded Prizes

FROST, Sept. 19.—(Sp.)—On Thursday, Sept. 26, from 1 p. m. to 6 p. m., at the Frost stadium, Dr. Jester and his assistant of Corsicana, will give babies a thorough examination. The ages included are from six months through two years.

The Worthwhile club is giving prizes for the most physically fit babies. Beauty doesn't count this time. Bring your babies.

FRENCH ATTITUDE TOWARD AGREEMENT ON NAVY THREAT

(Continued From Page 1)

ed army reserves as a bold effort to weaken French national defense. The French view is supported by the Journal de Geneve, which goes as far as to express doubt whether a five power conference will take place, saying it is not at all sure France and Italy, which refused to participate in the 1927 Geneva conference, will agree to be represented. The Geneva paper says that in France, and no doubt in Italy and Japan, it is believed Great Britain and America in expressing the desire to eliminate submarine warfare from naval armaments are trying to reach an agreement at the expense of their partners.

Hoover Working Out Naval Cut Plans

WASHINGTON, Sept. 19.—(Sp.)—Amid the memories which crowd the president's study in the historic east room of the white house, Herbert Hoover daily is working out his hopes for naval reduction and furtherance of world peace.

For the first time, he has let it be known that this room—used as a study by his predecessors from Adams to Roosevelt and then abandoned for five administrations—has been restored to that use.

Addressing a radio audience through a microphone in that chamber, where he proclaimed the Kellogg-Briand peace policy to the world and where he is working out the naval angle of the same policy, he views it, he expressed his belief in the current naval discussions were in keeping with the "high aspirations and high accomplishments" that have made him memorable.

"The problems of our day," he said, "today crowd for entry here. One problem has been ever constant with each succeeding president—that we should maintain and strengthen the will of this nation and other nations for peace."

The naval negotiations, he holds, means to this end.

Giving voice to his own optimism, he said:

"Some months ago I proposed to the world that we should further reduce and limit naval arms. Today we are engaged in a most hopeful discussion with other governments leading to this end."

"These are proposals which would preserve our national defenses and yet would relieve the backs of those who toil from the great expenditures and the world from the hate and fear which flows from the rivalry in building war ships."

Western League Owners in Session

KANSAS CITY, Sept. 19.—(Sp.)—Club owners of the Western league were meeting in executive session here today, reported to be considering transfer of several clubs and the possible resignation of Dale Gear, Topeka, the president.

Tulsa and Oklahoma City executives have signified their intention again to ask permission to join the Texas league.

BRITAIN SIGNS OPTIONAL CLAUSE FOR HAGUE COURT

CONFLICT FLARED UP IN LEAGUE DISARMAMENT COMMITTEE THURSDAY

GENEVA, Sept. 19.—(Sp.)—Great Britain's signature was offering the Hague permanent court of international justice by Foreign Secretary Arthur Henderson today.

Delegates to the League of Nations Disarmament Conference, which opened in London today, also signed the clause, which recognizes the compulsory jurisdiction of the court.

Disarmament Conflict

GENEVA, Sept. 19.—(Sp.)—Sharp conflict of opinion flared up in the League of Nations Disarmament committee today when the British delegation proposed to reject the question of considering trained army reserves in seeking a basis for general disarmament.

Lord Cecil presented the British proposals, and was supported by the German delegation, but encountered quick opposition from delegations of France, Italy and Japan.

Lord Cecil described the question of disarmament as the cornerstone of the edifice of world peace and insisted that limitation of land forces, both personnel and material, was the most important part of the disarmament problem.

Rene Massigli, French delegate, defended the position that the question of trained land reserves had been definitely set aside at the last session of the preparatory commission and pleaded that it was unwise to discuss the subject of military forces while the Anglo-American naval discussions were proceeding.

Rene Massigli, French delegate, presented his government's attitude toward the proposals outlined by Lord Cecil. He contended it was desirable to reject the preparatory commission instructions while it was engaged in its program for disarmament.

The commission did make progress at its last spring meeting, M. Massigli asserted. The fact that the British government had changed its attitude on the problem of trained army reserves since this spring meeting was not a good reason for reopening the question. At some future time there might be another change in the British government, he suggested, and another delegation might come with different ideas.

The French on their part, he declared, were anxious to see the preparatory commission reach a successful agreement as soon as possible.

DEATH PARACHUTE JUMPER MAY START PROBE ON LIQUOR

WICHITA, Kas., Sept. 19.—(Sp.)—Possible state and federal grand jury investigation of liquor law violation here was intimated today by County Attorney William J. Wertz, as a result of an inquest into the death of Helen Williams, who fell to her death from a plane here last Saturday when her parachute failed to open.

Witnesses told of meeting her at an all-night party at a roadhouse where drinking and gambling were in progress.

Wertz also has indicated fourth degree manslaughter warrants would be issued if it develops Miss Williams was allowed to leap from the plane by persons who knew she was not in condition to do.

Father Seeks Damages In Daughter's Death

NEWKIRK, Okla., Sept. 19.—(Sp.)—C. R. Williams, of Thomas, Okla., today filed suit in district court here against the Irving Parachute company for \$2,500 damages as a result of the death of his daughter, Miss Helen Isabelle Williams, last Saturday, in an attempted parachute jump at Wichita, Kas. A deputy sheriff was sent to Ponca City to attach the plane.

CORSICANA PLANE WILL JOIN GOOD WILL TOURISTS

FORT WORTH AIR TOURISTS DUE HERE FOR ONE HOUR STAY FRIDAY

Corsicana's contingent in the second aerodrome of the Fort Worth good will tour is awaiting the arrival of the parent group, Pilot Harold J. Nichols announced on Thursday. The monoplane "Miss Corsicana," has been groomed for the long trip, and the passengers have been given their instructions and are ready to take off.

Those who will make the trip include W. C. Sirothe, chairman of the aviation committee of the chamber of commerce; Frank Lemon, aviation enthusiast and student pilot; R. L. Calkins, automobile dealer and student pilot; Elton Tinkle, and Pilot Nichols.

The aerodrome is expected to arrive at the municipal airport about 9 o'clock Friday morning, and will remain here about one hour before continuing the jaunt to Houston. Corsicana is the first port of call on the itinerary which will take the caravan over an 1800 mile loop.

Headed by Capt. Frank Hawks, noted Texaco pilot and holder of several transcontinental records, about thirty planes with more than fifty passengers are expected to make the trip. One of the entries is a Lockheed Vega cabin monoplane, of the Southwest Air Fast Express, with Bob Cantwell, former Corsicana resident, at the controls. A number of the pilots of the planes visited the formal opening of the Corsicana airport in April.

A large percentage of the planes in the aerodrome are privately owned according to information received from D. W. Carlton, director of the flight. Fort Worth claims to have the most privately owned planes of any city in the Southwest.

Refreshments will be served the visitors at the airport and an opportunity for the visitors to become acquainted will be extended. Mayor R. L. Wheelock will officially greet the caravan, and has asked all citizens to be at the airport and aid in welcoming the citizens of the neighboring city.

DOUBLE KIDNAPPING BELIEVED FORECAST NEW GANG SLAYING

CHICAGO, Sept. 19.—(Sp.)—Double kidnapping that boded doubt in the mind of Deputy Police Commissioner John Siegel that the two men had been "taken for a ride."

Two men, driving on South Parkway near 42nd street last night, were abducted by four men. "Squawkers" and "stool pigeons" were epithets the abductors used as they yanked their victims from a sedan and loaded them into a touring car.

The automobile drove away before a cab driver, who witnessed the kidnapping, could notify police. There was little doubt in the mind of Deputy Police Commissioner John Siegel that the two men had been "taken for a ride."

The cab driver, who begged police to withhold his name, drew alongside the two cars while the abduction was going on. He thought there had been an accident and went to offer assistance. He said the driver of the abductors car had a sawed-off shotgun across his knee.

"He told me to get out, or I'd get it, too," the cab driver said. He overheard one of the kidnappers address the men in the sedan, saying:

"Come out of there, you stool pigeons. You won't squawk any more."

As the first man was yanked from the sedan, one of the kidnappers slugged him over the head with a pistol butt. Both victims were pushed into the waiting touring car which sped away.

Fifth Sunday Singers Meet at Bryan School

FROST, Sept. 19.—(Sp.)—The Fifth Sunday singing will be held at Bryan schoolhouse Sept. 29. Everyone invited to come and enjoy the afternoon, listening to good singing.

TO COMPLETE GAP.

German Claims New Motorcycle Speed Record

MUNICH, Sept. 19.—(Sp.)—A motorcycle speed world's record was claimed by Ernst Henna today with a mark of 210 kilometers an hour with a 1000 cubic centimeter machine, from a flying start. He registered 216 kilometers an hour with a 750 cubic centimeter machine. The records were submitted to the Nation Motor Sports council for official recognition.

RAILROAD TRACKS WASHED OUT WHEN RAINS STOP FLAMES

(Continued From Page 1)

smoldering remnants of two hundred and fifty persons, chiefly oil workers and their families were homeless.

Three other brush and range fires, which had assumed major proportions, one in San Diego county and two in Riverside county, were stamped out by rain.

Four trains were marooned temporarily by washouts on the Southern Pacific railway line between Niland and Mecca in Imperial valley. At Jacumba in the San Diego and Arizona railroads were expected Tuesday night in the beginning of the general storm which forced Russell Hall, Pickwick Latin-American railway pilot, to land, wrecking his plane and fatally injuring himself.

Town Out of Danger

PORTLAND, Sept. 19.—(Sp.)—The town of Stevenson, Wash., was out of danger from the forest fire menace today and housewives unpacked clothing, furniture and other possessions which had been loaded on automobiles for a hasty exit as the blaze burned around the community. Fire Warden William Goebel, in announcing that the town was saved, said the conflagration was killed by backfires and a shift in the wind.

PRESIDENT'S SON ENTERS HARVARD; IS NOT GUARDED

CAMBRIDGE, Mass., Sept. 19.—(Sp.)—Allan Hoover, younger son of the president, arrived here today to begin his studies at the Harvard School of Business Administration. He was unaccompanied by a bodyguard, as was John Coolidge, a student at Amherst, but Harvard authorities announced steps would be taken to guard him against unnecessary publicity.

The president's son had to identify himself to the photographers who failed to recognize him as he left the administration building, carrying in his hand a telegram which he had received a few minutes previous from his father. The message, it was said, advised him not to say anything for the talkies.

Young Hoover will live in Mellon Hall, a Harvard dormitory.

Fashion is Partial to PUMPS

The Spanish influence and the trend to femininity in dress, has placed the pump in the foremost rank of Fall footwear fashions.

Big 4 Shoe Store presents perfect fitting opera pumps in plain leathers and combinations of leather, many with the high Spanish heel. Other models introduce clever variations in trimming and in heels—for the pump is an all-day shoe this season.

FOUR PERSONS IN FALLING BALLOON RESCUED THURSDAY

WERE GRADUALLY FALLING INTO LAKE ERIE WHEN YACHT SAW PLIGHT

TOLEDO, Ohio, Sept. 19.—(Sp.)—Four persons sinking in a faulty balloon to a landing in Lake Erie were rescued 13 miles out late yesterday by the crew of the yacht Helene, who made fast a cable dropped from the basket and towed the bag to shore.

Those aboard the balloon were Dr. C. B. Legalle, vice president of the Detroit Balloon Club and three passengers, George Ingram, president of the Ingram Steel company; R. K. Lee of the Chrysler corporation, and W. J. Habermass, of the Goodrich Tire and Rubber company. The yacht was in command of Captain L. B. Lockwood.

Legalle took his passengers on their first balloon cruise at noon yesterday. The bag floated south to Monroe, Mich., and then was carried over the lake by a change of wind. Shortly afterward Legalle noticed in alarm that it was sinking, and for an hour ballast was thrown overboard without effect. When the balloon was but 50 feet from the water, Lockwood saw its plight and cruised beneath. A cable dropped to the deck was made fast and the bag was towed to the Toledo Yacht Club harbor. It was pulled to earth without injury.

SELECTION SITE FOR PSYCOPATHIC HOSPITAL IS NEAR

DALLAS, Sept. 19.—(Sp.)—Whether the first unit of the state's proposed psychopathic hospital will be located in Dallas or in Galveston probably will be decided next week, R. B. Walthall, chairman of the state board of control, said today after the board had inspected two proposed sites for the hospital here. While members of the board would give no official expression as to whether they preferred Dallas or Galveston as the location for the institution, they were outspoken in their admiration of the sites shown there.

Members of the board who made the inspection today besides Mr. Walthall, were Claude Teer, J. D. Hall and Roy I. Tennant.

Man Kidnapped, Beaten; Branded As Stool Pigeon

DENVER, Sept. 19.—(Sp.)—Lured from his home, beaten and branded with the letters "SP" which police said were intended to stand for "Stool Pigeon," Grant Horberg, 25, was under the care of a physician today.

Horberg gave police information which led to the arrest of two men in connection with the attack. Officials believe the branding was in retaliation for Horberg's reported connection with a raid on a still near Colorado Springs.

BIG BANK MERGER GIVES NATIONAL CITY BRANCHES

NEW YORK, Sept. 19.—(Sp.)—Directors of the National City Bank, largest bank in America, and the Corn Exchange Bank Trust Company, which operates the most extensive branch banking system in New York City, have agreed to merge the two institutions, subject to approval of stockholders. It was announced today.

This consolidation would give the National City more than 100 branches in the metropolitan area of New York. The Corn Exchange system carries more than 60. Total resources of the Corn Exchange are approximately \$300,000,000, and those of National City exceed \$2,000,000. National City is now closely approached by the Guaranty Trust Company in point of total resources, but this merger would put it well in the lead once more.

INDIANAPOLIS IS CHOSEN AS MEETING PLACE ODD FELLOWS

PROPOSAL TO PERMIT LIFE MEMBERSHIP IN ALL BRANCHES APPROVED

HOUSTON, Sept. 19.—(Sp.)—Indianapolis today was chosen as the site for the 1930 world convention of the Odd Fellows and associate organizations.

The Indiana city was chosen over Bethlehem, New Hampshire. The consensus was that next year's meeting should be held at Indianapolis or some other city near the center of the Odd Fellow population.

A proposal to permit life membership in all branches of the order was approved with 159 votes, several more than the necessary two-thirds majority. Adoption of the life membership plan is left optional with each state. Heretofore no person had been permitted to become a life member.

Mackmen Favored In Betting Along Wall Street

NEW YORK, Sept. 19.—Wall Street reported the first offerings of wagers and odds today on the World Series with the Philadelphia Athletics a slight favorite to win the classic and the Cubs the choice to take first game in Chicago October 8.

J. S. Fried & Company announced receipt of a commission from a Middle-Westerner offering \$15,000 against \$17,500 that the Cubs win the series. Another wager was made at odds of \$5500 to \$5,000 that the Cubs win the first contest.

Prohibition Best Way to Deal With Liquor Situation

INDIANAPOLIS, Ind., Sept. 19.—(Sp.)—A program of "education, agitation and organization," that will make evident to the entire world that prohibition is the best method of dealing with the liquor traffic was drawn up by the executive committee of the Women's Christian Temperance Union, meeting here today in preparation for the formal opening of the union's 55th annual convention tonight.

Children Will Return From Odd Fellows Meeting

The children of the I. O. O. F Home who are in Houston attending the Sovereign Grand Lodge, meeting will return tonight. The band, glee club and orchestra have appeared on numerous programs at the meeting.

Ross Harris, superintendent of the Home, Mrs. Harris, matron; W. O. Barlow, band director, and other members of the faculty accompanied the children.

CHANGE IN PRO OFFICERS

HOUSTON, Sept. 19.—(Sp.)—C. B. Cooper, formerly connected with the legal division of the prohibition department at Fort Worth, has been appointed deputy administrator of the Houston office. It was announced today. George A. Hammons, whom he succeeds, will leave tonight for Fort Worth to assume his duties as assistant prohibition administrator of Texas.

TARVER SLATED AS ATTORNEY GENERAL OBSERVERS STATE

CORSICANA MAN, NOW INSURANCE COMMISSIONER, TO SUCCEED POLLARD

The following appearing in Wednesday's issue of the Dallas Times-Herald will be read with deep interest in Corsicana, where Mr. Tarver has resided so long and where he is deservedly popular:

"W. A. Tarver, Corsicana, at present insurance commissioner for the state of Texas, is slated for the office of attorney general, to succeed Claude Pollard, according to observers returning to Dallas from Austin Wednesday morning.

"The delay in Tarver's appointment, according to this source of information, is to allow Governor Moody to determine who his successor as insurance commissioner shall be.

"Tarver has been a consistent supporter of Governor Moody ever since the latter entered politics and during his terms as governor has been considered an administration spokesman. He was appointed insurance commissioner by the present Moody administration.

"Observers returning from Austin declare that Galloway Calhoun, now first assistant in the attorney general's department and, under the constitution, serves as attorney general until the appointment to that office has been made, has been eliminated from the governor's consideration for the appointment.

Morrow Eliminated.
"Wright Morrow, Houston, another who at one time was receiving serious consideration, it is understood, has eliminated himself on the ground that he would not care to give up his present private practice.

"Ernest May, Fort Worth, assistant attorney general when Moody filled that office, and the man who did much of the work in preparing the highway suits which gave the governor his fame, is another who received serious consideration for the place, it is understood. However, posters now report that May will probably be appointed to the commission of appeals, there being two vacancies at present, on that body.

"The name of Jimmy Allred, Wichita Falls, is mentioned in connection with this appointment, but is receiving consideration as a possibility from the experts. Allred is an announced candidate for the office in 1930."

Joe Harper Winner Of Turkey in Skeet Shoot Wednesday

At the regular Wednesday afternoon shoot of the Corsicana Skeet Club there was a large number of local and out-of-town sportsmen present and participating. The main event of the shoot consisted of 50 targets and the high score won a prize turkey and was declared champion of the 20 gauge class.

A great amount of interest was taken in this event which was won by Joe Harper who killed 39 out of 50 targets.

Following are the scores—
Joe Harper 39 out of 50
A. P. Mays 37 out of 50
Rip Lang 36 out of 50
Thomas 36 out of 50
Norris Lovett 34 out of 50
Ralph Stell 33 out of 50
Coolsey 32 out of 50
Pete Strance 30 out of 50
Ben McKie 28 out of 50
Frank Burros 13 out of 25
Earl Pressley 13 out of 25
C. Gillispie 9 out of 25
In the 12 gauge class the following scores were made—
Earl Pressley 20 out of 25
Carl Patterson 12 out of 25
J. Parks 12 out of 25
Billie Peck 10 out of 25
Herrod 10 out of 25
Steeley 9 out of 25
Highnote 44 out of 50
Hilford 28 out of 50
Love 28 out of 50
Owing to the amount of interest shown in the sport the club will hold two shoots each week, on Wednesdays and Sunday, beginning promptly at 3 p. m.

On next Wednesday the club offers 5 boxes of shells to the high gun among the 12 gauge shooters. Corsicana Skeet Club.

Cream Supper

There will be an ice cream supper at Turkey Friday night, Sept. 20th, benefit of the cemetery. Everybody invited.

TROTZKY RELATIVE

ARRESTED EL PASO CHARGE SWINDLING

EL PASO, Sept. 18.—(AP)—Dr. R. N. Trotzky, who claims to be a nephew of Leon Trotzky, exiled Russian Soviet leader, has been arrested here on a charge of swindling.

Dr. Trotzky said he first took out naturalization papers in Austin following a conference with Governor Dan Moody. Later, he said, he served a term in the Leavenworth penitentiary for violation of the Dyer auto act.

Known in Austin.

AUSTIN, Sept. 18.—(AP)—Dr. R. N. Trotzky, a surgeon, under arrest in El Paso, returned to Austin recently from Leavenworth penitentiary, where he served one year for transporting a stolen automobile into Texas. He was tried in United States district court here.

Following his return from prison he told acquaintances he would "go straight" and expressed his intention of opening an office for the practice of his profession here.

MASTER CANADIAN SHIP DECLARES HIS SHIP FIRED UPON

HALIFAX, N. S., Sept. 19.—(P)—Charges that a United States coast guard cutter shelled the Canadian motorship Shawnee 26 miles off New York were made by her master, Captain John McLeod, today.

The Shawnee arrived here with shell holes in her port quarter and part of her rail carried away.

Captain McLeod declared his intention of filing a formal protest with the Dominion government.

He said his vessel, en route from Bermuda in ballast, was off New York last Friday night when the United States coast guard cutter 145 came up without lights and without warning fired five shots at the Shawnee.

After the firing, Captain McLeod said, the cutter hailed him asking the identity of the ship.

The cutter then signaled for the coast guard ship Gresham to relieve the 145, Captain McLeod said.

The Gresham remained with the Shawnee until about noon Saturday, when another coast guard vessel relieved her. The Shawnee increased her speed from 10 to 12 knots and outdistanced the American patrol craft.

Marine records show the Shawnee cleared from Bermuda August 5 for St. Pierre.

RICE

RICE, Sept. 19.—(SP)—C. F. Thompson, age 65, died at the home of his son King Thompson, three miles west of Rice, Thursday morning at 10 o'clock. He had been in failing health for about a week, but his sudden death was unexpected.

He had been a resident of the Rice community for twenty years.

Mr. Thompson is survived by his wife and five children, three boys and two girls. They are Fred, Kirby, Paul, and Mrs. Jack Sains of the Rice community, and Mrs. Rimer of Houston, all of whom were present.

Funeral services were conducted Friday afternoon at 3 o'clock at the Baptist church by Rev. W. H. Day. Burial was in the Rice cemetery under the direction of W. F. Hodge.

Mr. and Mrs. M. Pollan attended a banquet Tuesday night in Ennis given by the Texas Power & Light company.

Mr. and Mrs. M. V. Fitzgerald visited in Ennis Sunday.

Mr. and Mrs. Roy Fackler of Corsicana were guests of Mr. and Mrs. W. R. Smith Friday.

Miss Ruby Lynn Smith spent the week-end in Corsicana with friends.

Mrs. N. S. Bell visited in Dallas Saturday.

Mr. and Mrs. W. E. Edmundson accompanied their son, Eurus Burl, to College Station Sunday where he will enter A. and M. college.

Miss Victoria Quarrels is visiting relatives in Shreveport, La., this week.

Rev. and Mrs. W. H. Day have returned from an extended trip to Tennessee with relatives.

Mr. and Mrs. J. S. Hall and daughter, Miss Ruby, and Mr. and Mrs. W. R. Smith visited in Dawson Sunday.

Miss Ina Allen has gone to Corsicana where she will teach in the public schools another year.

Mrs. T. W. Neal and daughter, Essie Lee, have moved to Fort Worth.

THE FARM WEEK IN WASHINGTON

By FRANK I. WELLER
Farm Editor
(Associated Press Feature Service)

WASHINGTON.—(P)—There is, in the making, a \$50,000,000 corporation which is to offer small cooperatives of fruit and vegetable growers a national cooperative sales service.

In part it is philanthropic, for it has behind it such men as Col. Robert Bingham, publisher of the Louisville Courier-Journal, whose interest in the farmers' welfare is a legend of the tobacco fields; John Burgess, a Minneapolis banker and bulwark of farm credit; Julius Barnes, chairman of the board of directors of the chamber of commerce of the United States, and others of such caliber.

Otherwise, it is a plain business proposition in the hands of such cooperative marketing experts as William M. Jardine, former secretary of agriculture, and Arthur R. Rule, manager of the Federated Fruit and Vegetable Growers, Inc.

Known as the United Growers of America, the corporation will offer membership to all cooperatives handling highly seasonal and perishable crops and which cannot maintain a year-round national selling organization. The common stock, which alone has voting power, will be lodged exclusively with local grower-owned and controlled shipping units.

In reality, it is an expansion of the Federated Fruit and Vegetable Growers which will become a member of the new corporation. The Federated was not set up right, Mr. Jardine said, to take full advantage of the agricultural marketing act. The new organization is.

Purely cooperative in character, the corporation's common and preferred stock is said to be strictly limited to a reasonable dividend earning. There already are six or seven directors, but the board is to be completed from the membership of other cooperatives still to join.

There are more than 25 states in which the corporation expects eventually to exert its influence as a market safeguard.

TEXAS UNIVERSITY PREPARES TO START REGISTRATION WORK

AUSTIN, Sept. 19.—(P)—Devoid of the glamour of "rush week," preliminaries incident to opening of the long session of the University of Texas were in full swing today.

Action of the regents in clipping the wings of Greek letter fraternities and sororities put a quietus on the usual rush of social activities but seemed not to have interfered with the attendance.

Registration of freshmen and new students will begin tomorrow and old students will affix their names to the rolls Saturday. Physical examinations have been in progress several days.

The first convocation for freshmen was held today with Dr. H. Y. Benedict, president of the University, delivering the address of welcome.

WAGGONER'S WIFE AND OTHERS WENT BEFORE PROBERS

NEW YORK, Sept. 19.—(P)—The wife and son of Charles D. Waggoner, indicted president of the Bank of Telluride, Colo., Frances Carlson, 18-year-old clerk in the bank, and Harry D. Miller, the banker's barber, were taken today before the federal grand jury investigating how Waggoner fraudulently obtained \$500,000 credit through six New York banks.

Mrs. Mary Belle Waggoner and her son, Charles, Jr., and the other witnesses were questioned by Assistant United States Attorney Emanuel G. Kiehl.

They entered the grand jury room after Amelia Jones, youthful niece of the banker, had told federal investigators she and Miss Carlson unwittingly had sent the six coded telegrams which enabled the banker to obtain the credit.

Miss Margaret Jones, sister of Amelia, appeared before the grand jury with her sister yesterday. United States Attorney Charles H. Tuttle said he believed the sisters and Miss Carlson innocent of any wrong doing.

Storm Center Is Near Porto Rico

WASHINGTON, Sept. 19.—(P)—The weather bureau today issued the following advisory storm warning:

"There are still indications of a tropical disturbance several hundred miles north or northwest of Porto Rico, but its center cannot be definitely located."

FLOWERS, SHRUBS AND TREES

DIVIDING PEONIES
By D. Victor Lumsden
(U. S. Department of Agriculture)

Failure of peony plants to produce large and numerous blossoms in the spring is due in many instances to the fact that the roots have not been divided for five years or longer.

Plants established in one place for 10 years or longer may continue to blossom freely, but this is not always the case. Much depends on soil and moisture conditions as to the length of time that peony roots will remain without division and still thrive.

Early fall is the best time to divide and replant peony roots. It is desirable to do this as soon as the ground is still warm and the atmosphere cooler is the ideal time.

Such conditions are conducive to root growth. A new division which has produced a good root system in the fall after transplanting is ready to start into active growth above ground early in the spring.

Before digging the roots which are to be divided, cut the foliage back three or four inches from the ground. Dig completely around the plant and far enough away from it so as to loosen the clump without damaging the roots. Lift the clump out and shake the soil from the roots.

Inspect the roots and note that there is a large number of "eyes" or whitish bud-shaped growing points near the top of the clump. Divide the mass so that some of the new vigorous roots and three to five eyes remain with each division.

Now cut the old leaf stems back to two inches above the eyes of the roots. These old stems will serve as a guide in resetting the

roots. The eyes are reset two inches below the surface of the soil, and this brings the top of the cut leaf stems just to the surface of the soil.

It is desirable to place the new divisions in a rich soil, one free from decaying manure and one which has not grown peonies in the last few years. This may avoid disease-infected soil. If a mulch of manure is placed on top of the soil after the planting is finished, avoid putting such dressing on the soil directly over the crowns of the plants.

POWELL

POWELL, Sept. 19.—(SP)—Mrs. J. T. Lively is in Grapeland visiting her parents.

Miss Floy Banks left Thursday for Waco, where she will be a student in Baylor university.

J. O. Burke of Corsicana attended to business here Monday.

Meedames Watson McFarlane and W. E. Stephenson were in Corsicana shopping Thursday.

Mr. and Mrs. Fred Watts of the Pleasant Grove community, spent Sunday in the home of Mr. and Mrs. Tom Ferguson.

Mrs. Esther Washam was in Dallas Monday shopping.

Mrs. Salie Strange of Trinidad will spend some time with her daughter, Mrs. T. E. Ficklin.

Mrs. E. B. Balsegar and daughter, Nina Bell were Corsicana visitors Monday afternoon.

Mrs. W. R. Elshop of Athens was the guest of her sister, Mrs. Tom Towns last week.

Dr. Carter of Corsicana was a business visitor here Tuesday.

Miss Faye Bush left Monday to resume her studies in North Texas State Teachers College in Denton.

Mrs. H. R. Harrison of Corsicana

visited in the home of her father, C. C. Jackson Tuesday.

Mrs. T. E. Ficklin was able to be brought home from the Navarro County Hospital Saturday. She is improving rapidly.

Little Miss Bunnie Bunch, who has been quite sick is very much improved.

Mr. and Mrs. Clarence Pevehouse of Blooming Grove spent Friday with Mrs. Pevehouse's parents, Mr. and Mrs. Henry Bunch.

Mr. and Mrs. Johnny McFadden and daughter, Gloria of Kereens, were here Sunday with their parents, Mr. and Mrs. W. T. Johnston.

Mrs. Sam Holland and daughters, Virginia, Jacquelin and Juanita Jesse of Athens spent Saturday here with friends.

James Albert Jackson will attend Corsicana high the coming year.

Guy Campbell of Mexia was

here for the week-end with his parents, Mr. and Mrs. Lee Campbell.

Ike Kiser who has been quite sick is able to be up now.

Mrs. J. A. Wilkerson of Blooming Grove was the guest of her parents, Mr. and Mrs. L. M. Ellett Friday.

Miss Virgie Mae who attends business college in Tyler spent the week-end with her parents, Mr. and Mrs. H. V. Ware.

Miss Bess Johnston is visiting in Kereens.

The Powell school opened Monday with good attendance, with Dan Hanks, superintendent. During the past year the school received two additional credits from the state department of education, giving the school a total of thirteen and one-half units. The following compose the faculty of the school:

Dan Hanks, Julia Kiber, Mary Garrett, Chrystal Paul, Lella Miles, Adelaide Young and Jennie Young.

A SIX IN THE PRICE RANGE OF THE FOUR

FOG HORN CLANCEY AND HIS RODEO WILL BE FAIR ATTRACTION

ELLIS COUNTY FAIR WILL BE
HELD AT ENNIS ON
OCTOBER 7-12

ENNIS, Sept. 19.—(Sp.)—Fog Horn Clancey's Bar C Ranch Rodeo will be the big attraction in front of the grandstand at the Ellis County Fair in Ennis, October 7-12, it has been announced by the fair board.

Clancey is a national reputation as a producer of rodeos and cowboy sports and has been officially connected with most of the big rodeos staged in the United States and Canada in the past decade. He is at present engaged at Detroit, Michigan, where he will direct the Michigan State Fair which will be one of the biggest events of the east this season.

The program as outlined for the rodeo at the Ellis County Fair will consist in the main of cowboy broncho busting, fancy roping, trick riding, cowgirls broncho riding, wild Braham steer riding, steer wrestling, calf roping, mess-around, relay races, bareback broncho riding and other cowboy sports and contests.

Many vicious long horn Mexican and Braham steers and outlaw bucking horses will be shipped here for the riders and wranglers to test their skill upon, and many of the greatest experts of saddle and lariat will take part in the performance.

Replete With Thrills.

The rodeo is replete with thrills. One moment a dainty strip of a cowgirl will come dashing out of the chutes in a sun-fashing outlaw broncho, while sometimes in their over zealous efforts to unseat the rider an animal will lose its balance and fall, perhaps pinning the rider underneath. Another moment a cowboy will dash out on a fleet-footed cowpony in hot pursuit of a long horn steer and then leap from the saddle to the head and horns of the wild bovine where a hand to horn battle ensues before the cowboy, if successful by the application of scientific wrestling holds, overcomes the strength and lays the animal prone upon its side.

Thrills come thick and fast in the programs of the Bar C Ranch Rodeo and that is why Clancey's attraction has been selected as the grandstand thriller of the fair this year. That part of the public which lives on quickening thrills will find plenty of them at the Ellis County Fair during the rodeo.

Cowboys and Girls.

A large number of cowboys and cowgirls will take part in the rodeo, the first of its kind ever staged in this section, and what might be termed a smaller edition of the famous Cheyenne Frontier Days. The Calgary Stampede, the Pendleton, Oregon Round-Up. Many of the cowboys are veterans of the range and frequent winners at the great western rodeos. A number of cowgirls who are champions in their own right will also take part in the performance.

Picturesque garb, unique in manner and customs, these boys and girls and men and women of the range country will offer no side-show make believe, but a stirring exhibition of life as it is lived on the western front.

Ellis county citizens may have been given an idea of broncho-busting and steer biddogging in so-called wild west shows but unless they have attended the great western round-ups they have never seen either demonstrated in the way it was done when it was as essential part of the life of the regular range cowboy.

On the program of the rodeo there will be many contests aside from the exhibitions where the cowboys and cowgirls will be urged to greater effort in their trial to win the prizes and the coveted honors that goes with winning over a worthy opponent or keen rival. Many noted outlaw bucking horses which have won a reputation for unseating good riders will be seen at the Bar C Ranch Rodeo.

Steers Are Vicious.

Vicious, man hating, long horn Mexican and Braham steers will also be seen in the steer wrestling and riding events. Steers that are dangerous even to men on horse-back will be shinned here for the rodeo. Strong pens, corrals and chutes will be built for the handling of these animals until they are liberated for the riding or wrestling events.

"While we have an abundance

CORSICANA ONE OF LARGEST GATEWAYS FOR FREIGHT ON SOUTHERN PACIFIC SYSTEM

Corsicana is one of the largest "gateways" in the Southern Pacific Lines in the entire country and much of the freight which is handled between the east and west by the Southern Pacific and St. Louis-Southwestern Railway companies is routed through Corsicana.

Train load after train load of fruits and vegetables from the Rio Grande Valley territory and grapes and other commodities from South Texas and California are brought to Corsicana by the Southern Pacific Lines and transferred to the Cotton Belt system for northern and eastern points. The Cotton Belt features freight service and the Southern Pacific also has an unusually fast schedule throughout its system. The Cotton Belt is reported to send practically all of its western destined freight over the two systems has an agreement to continue in force for a number of years.

During the summer, many trains of freight for northern and eastern markets were brought to Corsicana and transferred to the Cotton Belt tracks here where an engine was waiting to pick up the train and speed north and east almost by the time that the cars stopped rolling.

Corsicana receives considerable advertising from the consignments among the railroad fraternity. Freight destined from northern and eastern points to South and West Texas and to the Pacific Coast are routed "via Corsicana and El Paso" and freight from the Pacific Coast is routed via El Paso and Corsicana. It is understood that Corsicana as a "gateway" on freight on the S. P. Lines ranks second only to El Paso, Texas, an international "gateway."

The Cotton Belt system has spent and is spending several millions of dollars on its trackage in Texas, a wild stock which we will ship direct from the ranch for the rodeo," said Fog Horn Clancey, under whose personal direction the rodeo will be staged, "if any one in the country has a very bad horse, mule or just any four footed animal that they can lead, drive, haul or drag to the fair grounds we will be glad to ride such animals free of charge."

"Many times persons sitting in the audience feel like they would like to see the old nag that once spooled their disposition ridden, naturally one feels that the horse that threw them is the worst, and that is the reason we make the offer to ride them free of charge, because we know that we are giving an extra thrill," he added.

Many daring cowgirls will be seen in the lineup, taking their place and chances along with the men, girls whose life in the open and in the saddle has fitted them for the rough work of the arena which they do without seeming fear of the danger, taking chances that make the spectators gasp.

OPEN HOUSE FOR LYON-GRAY LUMBER COMPANY WEDNESDAY

CONTINUOUS STREAM CALL-
ERS INSPECT SPECIAL
HOME FEATURES

A continuous stream of visitors inspected the handsome new office and display rooms of the Lyon-Gray Lumber Company Wednesday afternoon and evening from 4 to 10 p. m. when the new building was formally presented to the public. Favorable comments were made by each visitor.

A number of officials from the main office at Dallas, including Will B. Marsh, president; H. E. Hawley, vice president and general manager; and R. B. Marshall, secretary-treasurer of the company. Special representatives of several corporations assisted in the open house, including T. E. Jarman of the Pittsburgh Plate Glass Company; J. E. Evans, Jr., of the Waco Sash & Door Company; Jack Howell of the William Cameron Lumber Company; F. E. Martin, district sales agent for the Johnsonville Company; and A. W. Langford of the U. S. Gypsum Corporation.

Visitors were greeted by F. W.

528,424,000 pounds or about 8,807

cars.

The figures reveal that a considerably larger quantity of merchandise and produce leaves Corsicana each year than is shipped in. The totals do not include the large quantities of freight handled by the network of truck lines that traverse the county in almost every direction.

Month and year	Number of Cars	Carload Tons	Carload Freight

Av. Per Month	294	1931	1099

A complication of shipments handled by all of the railroads in Corsicana for the past two years further reveals the importance of the city as a freight terminal. A large increase in both in-bound and out-bound in both 1927 and 1928 will be noted in the figures. In 1927 the tonnage total of freight shipped into Corsicana reached a figure of 438,862,528 pounds; while the total of shipments out of the city reached a figure of 488,368,616 pounds. Figuring in 1928 when the tonnage reached 496,279,952 pounds or about 8,271 cars. Outgoing shipments totaled

SPANIARDS ASK HELP.

MADRID, Sept. 19.—(Sp.)—Organizations from Paris calling themselves American negro jazz bands and Argentine orchestras have been drawing such crowds that Spanish musicians have petitioned the cabinet to do something about it. They also want protection against talk-

Smith, resident manager of the firm and conducted through the spacious quarters of the firm. Exhibits of paints, wallboard, insulating material, hardware, roofing and built-in fixtures had been hastily arranged and were thoughtfully explained to those who desired information.

The new building replaces the tiny office that served the company before it was badly damaged by the fire that destroyed the stands at Municipal Park, a warehouse adjoining and threatened a large part of East Corsicana.

The walls of the new quarters are of wall board covered with a plastic paint, with examples of the many finishes that may be applied. Complete departments for paints, varnishes, hardware, roofing materials, and built-in fixtures occupy the front of the building while commodious book-keeping quarters and the manager's office occupy the rear section.

Contractors' offices and storerooms are found on the second floor.

Among the built-in fixtures displayed were china closets, bathroom gear, breakfast room equipment, fireplaces, bookcases, wall-seats, wall cases, medicine cases, cedar-lined closets, ironing boards and linen closets.

Each visitor was given an opportunity to guess at the number of nails in a half gallon par in the window. The person guessing nearest to the correct number will be given a prize.

ly at CITY BOOK STORE.

CITIZENS SENDING CHECKS FOR YEAR'S CAMP FIRE FUND

Responding almost instantaneously to the letters sent out by the Camp Fire Girls organization announcing their annual campaign, the following people have sent in their donations: Will S. Knight, Minute Sandwich Shop, Dr. J. A. Jones, B. W. George, Mrs. Geo. T. Jester, Mrs. May E. Fox, M. T. Horn, Miss Rosa King, T. C. Orr, Judge R. R. Owens, West-Marks Co., and Judge H. B. Davis. Each of these persons mailed a check for the amount asked for.

The regular campaign which will take place Sept. 25, 26, 27, is being very capably planned by Clyde Foster, finance chairman, and Mrs. Elbert Williams, council president.

The annual Council Banquet will be held at the Methodist Educational Building, Tuesday night, Sept. 24th at 7 o'clock. All council members who are planning to attend should make reservations with Mrs. F. P. Culver, secretary, at once. There will be no charge for the banquet.

LONG-DEAD PROPHET STIRS CONSCIENCES OF HYPOCRITES

Final Messenger of Old Testament Leaves Impassioned Plea for Social Justice and Religious Sincerity—His Promise of a Good Time.

By WILLIAM T. ELLIS

Some men are going to have troubled dreams because of this lesson. They will come to it in complacency, as a habitual weekly exercise in piety—or perhaps in respectability—and they will leave it haunted by fear of doom. For herein, through the last of the Old Testament prophets, God not only holds out a promise of new and better times for His people, but also sets forth the terrors of His judgment upon the hypocrites, the evil-livers and the oppressors of their fellow men.

This is not the milk-and-water God of the modern magazines and class-room that Malachi sets forth. The amorphous, vague, impersonal Spirit—which may be a cluster of electrons of the source-cell of electricity, according to the day pseudo-scientific jargon—that our times discuss as the Deity, too remote and too vast to care for the petty affairs of men or nations, is not the God of the Bible. To get away from the God who is both Judge and Father, one will have to scrap this book from beginning to end.

What makes the consciences of evil men squirm is the knowledge that the God of Malachi sets forth. Moses, and of all the other prophets; and the God of Jesus and of the Apostles, is a moral Being to whom human righteousness is of constant concern. He holds men to account for their character and lesson makes clear, no forms of worship are acceptable unless they be offered with clean hands and sincere hearts. The religion of Jehovah cannot be made a cloak for evil living; to attempt to do so is but to multiply the sin. Society may be deceived by appearances, but there is no fooling God, who is Judge of all the earth.

The Ultimate Standard Year by year, and month by month, the social conscience of mankind grows more sensitive. The common consciousness of right is being intensified over all the earth. Wrongs that were generally tolerated, and scarcely recognized as wrongs, a generation ago, are now outside the pale of legality and respectability. The voice of the exploited is today heard in the councils of the nations. Poverty, unemployment, disease, illiteracy and other miseries on which organized society was pillared are now everywhere seen to be ills which may be remedied and wrongs which should be righted. The claims of property, position and prosperity are now days recognized as subordinate to the claims of human life. A degree of social stigma attached to the nation or to the employer that oppresses men and women.

All of this improvement in ideals is but conformity to the clear teachings of scripture. From first to last, the Bible is a book of sure standing. We have not yet measured up to its level. Our lesson is explicit upon man's primary and ultimate responsibility to a God who will not wink at unrighteousness. Consider the timeliness of these words from the heart of the text:

"I will come near to you to judgment; and I will be a swift witness against the scooters, and against the adulterers, and against those that oppress the hireling in his wages, the widow, and the fatherless, and that turn aside the stranger from his right, and fear not me, saith the Lord of hosts. For I am Jehovah, I change not."

Of all the possible reasons for doing right the oldest, greatest and most powerful is that they divine God who made us, and to whom we are accountable, requires this obedience. Once the authority of the Lord is established in the hearts of mankind, we shall have no lawlessness problems, and no questions of social justice. For then all wrong-doing,—bootlegging, at either end of the transaction; sweating of labor; usury; bribery; exploitation of the weak; by the strong; adultery, lying—will be seen as offenses against a just Judge whose laws are all born of His Father-love. Someday, now or later, He must be reckoned with. Better all penalties of the civil law, and all social taboos, rises the figure of the inescapable Judge of all the earth.

The Good Time Coming Unquenchably optimistic is this Book of books. Beyond every night it portrays a morn. There is a rainbow in every one of its clouds. Despite all mortal slumps and sinning, it persists in picturing a good time coming. The whole design of the Bible is human good and God's glory. "Return unto Me and I will return unto you, saith the Lord of hosts." Malachi, in our lesson, confronts recreant Jews—priests, business men, divorcees—with the sure judgment of Jehovah; but he also hastens on to portray a blissful state possible of attainment.

His promise is in the familiar words, "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing that there shall not be room enough to receive it." That is to say, Give God His due, and see what He will do. Be fair to the Lord, that He may be bountiful to you. God asks, but He also gives. He will be no man's debtor. Keep the law and find life. There is more in store for faithful obedience than mortal mind can imagine. All the lavish love of God awaits those who will obey His will.

What About Tithing? Thousands of Sunday school teachers, missing the point of this lesson, will treat it wholly as a discussion of tithing. Most of them will say—which is not warranted—that the law of the tithe is binding upon Christians. The tithe belongs to the old dispensation. Reasonably, though, if the Old Testament Jew was required to give a tenth of his income to God, the Christian has better reason for doing the same. But brains as well as piety are

needed in stewardship of one's possessions. For instance, a certain Undoubtedly that is part of their benevolence for the education of boys and girls in a mission land. Undoubtedly that is part of their tithe given at a sacrifice. With still greater sacrifice, that family sends its own sons and daughters to college that they may be equipped for largest life and service. Technically, that expense is not a part of the tithe! Yet the Christian education of young Americans is quite as important to the kingdom of heaven as that of young Chinese or Arabs.

That single illustration must suffice to show the peril of literalism in tithing. What Malachi means is that God expects and requires His due: the tenor of the wholly prophetic implies that the prophet means a rendering of righteous living to God. All we have and are and hope for is of Divine mercy; therefore it should be at the disposal of the Giver. Life gets its higher meaning in the light of stewardship. As the response to the offer of the church service declares, "All things come from Thee, O God; and of Thine own have we given Thee."

SEVEN SENTENCE SERMONS No one can clearly see his rights who is blind to his duties.—Anon.

If we find but one to whom we can speak out our hearts freely, with whom we can walk in love and simplicity without dissimulation, we have no ground for quarrel with the word or with God.—Stevenson.

Remember, youth once gone is gone; Deeds let escape are never to be done.—Browning.

Patience is the finest and worthiest part of fortitude, and the rarest, too.—Ruskin.

Let Israel hope in the Lord; for with the Lord there is mercy, and with Him is plenteous redemption.—Psalm 130:7.

Thy fate is the common fate of all. Into each life some rain must fall. Some days must be dark and dreary.—Longfellow.

The many prove the wisdom of Hesiod, who says that the road to wickedness is smooth and very short, and there is no need of perspiring; but before virtue the immortal gods have placed the sweat of labor, and long and steep is the way thither, and rugged at first; but when you have reached the top, then, however difficult, it becomes easy.—Plato.

The International Sunday school

RECEIVERSHIP IS ASKED FOR TEXAS OIL CORPORATION

DALLAS, Sept. 17.—(P)—A suit in equity, wherein a receivership is asked for the Owenwood Oil Corporation of Fort Worth, a \$2,000,000 concern, was filed in United States district court here today.

Non-resident stockholders are the plaintiffs in the suit, which will be tried at the January term of court. Allegations are that exorbitant salaries, unnecessary expenditures and law suits are causing stockholders to lose their investments.

The properties, according to the allegations, at one time produced 2,000 barrels of oil daily but at present are producing only about 150 barrels.

A. V. Partain 74 But Still Goes Fishing

A. V. Partain celebrated his 74th birthday Tuesday (today) by going fishing at the Edens tank. His sister, Mrs. E. E. Pickens, entertained Monday night for Mr. Partain and the birthday cake, an old fashioned pound cake, his favorite, was also cooked by his sister.

Mr. Partain has many friends in Corsicana who join in wishing him happy returns of the day and many more pleasant birthdays.

Lesson for September 22 is, "Malachi Foretells a New Day."—Malachi 1:1-4:6.

PRESIDENT HOOVER MAY VISIT TEXAS LATER IN YEAR

TENTATIVE PLANS CALL FOR TRIP THROUGH MIDDLE WEST FIRST, HOWEVER

WASHINGTON, Sept. 17.—(P)—President Hoover is preparing to make one four-day trip into the middle west next month and may follow it shortly afterward, if the congressional situation permits, with a visit to Texas.

His middle western trip, as tentatively arranged, will take him to Detroit, Cincinnati and Louisville. Leaving Washington October 20, he plans to arrive at Detroit in time to attend the dedication of the Edison laboratory at the nearby Ford plant the next day, and then go to Cincinnati for the opening of the new Ohio river waterway project October 22.

After the Cincinnati celebration, his tentative itinerary calls for a trip abroad a river steamer through a number of the new Ohio river locks to Louisville.

NEGRO MAKES BOND ON CHARGE SHOOTING OF ANOTHER BLACK

Levi Gullman, negro, has made bond on a complaint filed in justice court at Kerens for alleged assault with intent to murder in connection with a shooting affray in Kerens at an early hour Sunday morning. Constable Holloway stated Tuesday afternoon while in Corsicana.

Gullman is alleged to have been shooting at Herman Mitchell, negro, and struck him in the arm. C. B. Johnson, negro, friend of Gullman, was accidentally struck by a stray bullet in the chest, and is in the Navarro County Hospital, Mr. Holloway said.

A negro was arrested and brought to Corsicana by Constable Holloway Tuesday in connection with the alleged selling of medicine without a license.

Happenings At The Courthouse

District Clerk's Office.
The following cases were filed:
Rufus Williams vs. Lorene Williams, divorce.
Herbert Mitchell vs. Effie Mitchell, divorce.
L. E. Franklin vs. Percy Franklin, divorce.
June Milam vs. J. B. Milam, divorce.

Warranty Deeds.
Roxana Gunter to Floyd R. Ford, 1-4 undivided interest in 183 acres William Walker survey; 183 acres P. Gamble survey; parts of lots 1, 2 and 3, block 114, Dawson, and lots 7, 8 and 9, block 148, Dalhart, Texas, \$1 and other considerations.
Myrtle H. Davis to J. H. McBee, 30 acres Moses Nettles survey, \$1,000.

A. R. Tickle et als to J. D. Skinner et als, lots 13, 14, 15 and 16, block 15, Purdon, \$1,000.
J. F. Stout to Alice Johnson et al, lot 1, Fleming & Kerr Addition, Corsicana, \$500.
R. V. Davis to John W. Davis, 151.8 acres John E. Nite survey and 10 acres H. M. Cook survey, \$2,000.

Royalty Deed.
Tom Peters et ux, to E. M. Glass, 1-16th royalty interest in 16 and one-half acres of the N. H. Huggins tract, \$425.

Marriage Licenses.
Alex Sims and Maria Lewis.
Fred Whitfield and Alma Griswold.
W. B. Chauncey and Mrs. Gusie Sims Walker.

Constable's Office.
A seven-year-old white boy was arrested by Deputy Constable E. W. Warnell Monday night and later was taken home. The boy is alleged to have stolen a car near the I. O. O. F. hall and driven it down Beaton street, finally colliding with another car.
Deputy Constable Warnell and E. E. Bass arrested a negro in East Corsicana late Monday in connection with the finding of 20 gallons of beer, about 400 bottles and other equipment for handling beer. The beer and bottles were destroyed.

Sheriff's Office.
Sheriff Rufus Favehouse went to Abilene Monday afternoon with Ross Freeman, negro, in custody, as an attached witness in a murder trial in progress there.
One negro was slightly cut by a knife Monday night near Rice in an altercation and another negro was arrested and charged with an affray by Deputy Sheriff Alton Bradley.
Deputy Sheriff Bradley, J. M. Westbrook and V. McMurray arrested five persons Monday for taking cotton pickers. This offense is finable from \$50 to \$1000.

and imprisonment, officers point out, and was passed by the last legislature. It is unlawful to remove laborers from one farm to another without the consent of the farmer who operates the farm. W. W. Harris, assistant county attorney, stated Tuesday morning, and was passed to protect plantation and farm owners from having their laborers enticed away during the night by others. The arrests were made in the Rice vicinity.
Deputy Sheriffs Westbrook and McMurray arrested two white men for alleged unlawful riding a train Monday night.

Justice Court.
Judge Clopton assessed a fine against a negro on a charge of vagrancy late Monday.
Judge S. B. Jordan fined two white men Tuesday morning for unlawfully riding a freight train. A negro was fined for vagrancy Tuesday morning; a negro plead guilty to drunkenness Tuesday morning. The above four were sent to the county farm by Judge Jordan to work out their fines.
(One was fined for vagrancy by Judge Jordan late Monday.)

COOK COUNTY, ILL., EMPLOYEES FAILED GET USUAL CHECKS

CHICAGO, Sept. 17.—(P)—It was semi-monthly pay day for 4,000 Cook county employees yesterday, but they didn't get paid. County Comptroller William J. Graham said he doubted if they would be paid for two or three months.
"Our pay roll of approximately \$400,000 fell due yesterday, but instead of mailing checks we locked the rolls up in the vault," Graham said. "Of course, the employees will have to be paid some time, but when nobody knows."
The county board Thursday will consider the plan of paying employees in scrip. In such a case employees would have to take their scrip to the bank and discount it for what the banks would offer.

Judges, department heads and all technical and clerical workers are included in the list of 4,000.
The shortage in the corporate fund was explained by the comptroller as being due to the 1928 reassessment which not only has delayed tax collections but has resulted in valuations considerably lower than those anticipated by the budget makers.

Sun want ads bring results.

KANSAS ATTORNEY GENERAL TO PROBE TALK OF COLUMNIST

TOPEKA, Sept. 17.—(P)—Attorney General William A. Smith, today began an inquiry relative to published statements by Jay E. House, Philadelphia newspaper columnist and former mayor of Topeka, that he was served liquor in 13 of 14 homes in which he was entertained last winter.
Mr. Smith announced subpoenas had been issued for seven persons who were hosts to the Philadelphia newspaper man.

House has stated he would not reveal the names of his Topeka hosts, but the Attorney General said he had obtained their names through perusal of newspaper reports last winter of social activities in honor of the former Topeka mayor.

House's allegations relative to the liquor situation in the capital of Kansas were made in correspondence with the Rev. J. A. McClellan, superintendent of the Anti-Saloon League of Kansas.

RUSSIANS REPORT CHINESE INCURSIONS SOVIET TERRITORY

MOSCOW, Sept. 17.—(P)—Tass official news agency dispatches from far Eastern Siberia continue to report incursions into Russian territory by Chinese soldiers and Russian white guards, or Czarist sympathizers.

On Sunday Chinese troops crossed Russian border five miles north-east of the Manchurian village of Pogranichnaya, retreating after a skirmish with Russian frontier guards.
On the same day Chinese opened fire on Soviet frontier guards in the district between Pogranichnaya and Poltavskaya.
Reports from Manchuria say the Chinese army is modernizing its trenches on European world war lines.

Cotton Seed
If you want your cotton seed cleaned and culled for planting, we invite you to investigate our culler at Corsicana. We have made all necessary improvements for us to give you first class service.
When better ginning is done the Hopkins Gins will do it.
THE HOPKINS GIN CO.

FIERY ALABAMAN DEMANDING RETIREMENT OF RASKOB AND OTHERS FROM PARTY CONTROL

Former Sun Employee Visits Home Folks

Mr. and Mrs. Elvie Travis of Harlingen are visiting their parents, Mr. and Mrs. J. A. Travis and other relatives here. Elvie has a position in the mechanical department of the Harlingen Star. Before going to Harlingen he was a member of the mechanical staff of the Daily Sun.

Objectives Outlined Mississippi Combine

ST. LOUIS, Sept. 17.—(P)—The principal objective of the Mississippi Valley Association during the next year, as outlined by its executive committee, will be extension of the nine foot channels standard in the Mississippi system of waterways.
In a statement issued today, the association declared its opposition to what it described as an attempt being made by North Atlantic interests to monopolize control of the shipping lines now operating out of Gulf ports. The statement said the association would insist that the mail contract, provided for in the act of congress of 1928, be given the Gulf owned lines to permit them to build their services in the interests of Mississippi valley import and export trade.

Lewis Humphries and George Campbell who were in Richland on business Tuesday, have returned to Corsicana.

WASHINGTON, Sept. 17.—(P)—Resignation of what he described as the "Raskob machine," was demanded in a statement today by Senator Hefflin, democrat, Alabama, who said the democratic party was being used as a private agency to promote the presidential candidacy of Alfred E. Smith, in 1932. This action, he added, was "usurpation."

The democratic meeting arranged by the Massachusetts democratic state committee last Saturday night, he asserted, actually was "a Smith rally," which should convince democrats that the former New York governor is a candidate.

"When the meeting was in full swing," the senator continued, "former congressman and ex-mayor James M. Curley, of Boston, stirred the Roman admirers to a high pitch of enthusiasm when he declared amidst great applause, that Alfred E. Smith would be triumphantly elected president in 1932."

He added that J. Quett Shouse, whom he referred to as the Raskob-Tammany representative in Washington, was present.

Shouse is chairman of the executive committee of the democratic national committee with headquarters in Washington.

Women's Missionary Union Will Meet at Rice Next Tuesday

The Woman's Missionary Union of the Navarro County Association will meet with the ladies of the First Baptist church of Rice Tuesday, Sept. 24, at 10 a. m. Ladies from all co-operative unions are requested to be present.
MRS. W. H. DAY, Cor. Sec'y.

FIVE ADDITIONAL COUNTIES TO SHARE IN HIGHWAY AWARDS

MORE THAN MILLION DOLLARS WORTH CONTRACTS LET TUESDAY

AUSTIN, Sept. 13.—(P)—Five counties will share in highway contracts to be let by the highway commission today. Yesterday's awards aggregated \$1,267,295 for projects in nine counties. Of the 143 miles of road contracted 43 miles are to be concrete pavement. A bridge across the San Marcos river on highway 2 was one of the projects.

Contracts for two bridges across the San Antonio river in Karnes county will be let. One bridge will be on highway 72 and the other on highway 112.

Other projects will be as follows: Jackson county, 8.95 miles concrete pavement highway 12; Wilbarger county, 6.29 miles concrete pavement highway 5; Denton county, 8.3 miles grading and drainage; Lavaca county, 8.46 miles grading, drainage and concrete pavement.

Yesterday's awards: Goliad county, 29.80 miles concrete pavement highway 12; Milam county, 13.8 miles concrete pavement highway 43; Dimmit county, 18.45 miles gravel and caliche base highway 55; Kent county, 44.4 miles gravel surface course highway Nos. 84 and 84-A; Randall county, 16.63 miles grading and drainage highway 9; Matagorda county, 9.8 miles grading and drainage highway 71; Maverick county, concrete floor bridge highway 85; Cass county, 14 miles double bituminous surface treatment highway 47.

YOUNG DETROIT MAN KIDNAPPED; RANSOM IS PAID

DETROIT, Sept. 17.—(P)—Held prisoner since last Wednesday by kidnapers who blindfolded him and chained him to a bed, Matthew Holdreith, Jr., 24, son of a restaurant proprietor and a student in Notre Dame university, was found late yesterday and released by police.

Inspector Henry J. Garvin, said he learned Holdreith's father paid \$5,000 to his son's abductors Saturday. The youth's release was prevented by the inadvertent capture by police of two of the kidnapers as they left the rendezvous where the Elder Holdreith was said to have turned over the money.

Edward Wilds and Frank Hohfer, named by Garvin as two of the kidnapers, were taken by police after a running gun fight with a police scout car seeking a stolen taxicab. Police at that time did not know of the kidnapping.

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at

JOHNSON DRUG CO.

SUPER-SERVICE RIVERSIDE

No finer tire ever was built!

30,000 miles The Longest and Strongest
Definite Guarantee in the Industry!

MONTGOMERY WARD & CO. offers you—on this Super-Service RIVERSIDE—the longest and strongest guarantee in the tire industry! We guarantee that when you buy a Super-Service RIVERSIDE, you will receive a minimum of 30,000 miles of service. And that guarantee stands, without "ifs," "buts," or other conditions! Moreover, to substantiate this guarantee, our own test fleet has repeatedly driven these tires 40,000 50,000 and 60,000 miles. We do not believe that 25 per cent of its users will ever wear this tire out.

Naturally, only one reason enables us to give you this superlative tire, backed by this superlative guarantee It is because the Super-Service RIVERSIDE is built of the finest materials, by famous makers, and according to the most modern methods known!

Its tread, for example, is 50 to 70 per cent thicker and both cross-section and diameter are much larger than those of ordinary tires. We use only the costliest long-staple Egyptian cord that money can buy—with extra-heavy layers of rubber between each ply And this superlative care in construction means, as a result, that the Super-Service RIVERSIDE is a safe tire at all speeds. Its ribbed sidewalls are extremely resistant to curb damage—there is unusual freedom from skidding and punctures—and along with extra road-traction you enjoy much easier riding than any ordinary tire can possibly provide!

Yet—if you will compare this guaranteed quality, for a moment, with Ward's prices then with the prices of any other make of tire merely claiming superlative performance you will see why thousands appreciate its excellence still more because of its economy. Do not, however, expect to find any other organization of Montgomery Ward & Co.'s responsibility offering you an unconditional 30,000-mile guarantee at any price! In this respect, Super-Service RIVERSIDE stands absolutely alone

THIS STORE displays a complete line of tires. The 30,000-mile Super-Service RIVERSIDE; the 16,000-mile First-Quality RIVERSIDE; and the 10,000-mile WARDWEAR. Sizes to fit any car at prices saving you from \$2 to \$15 per tire. Drop in and see how good tires can be—without costing you a penny extra for names, claims or other substitutes for guaranteed quality.

Don't pay more for
any other tire unless
more miles are guaranteed!

The Government has made the DOLLAR BILL SMALLER

but

stretch it further than ever before
when you spend it for electricity

7 and 5, The Economy Twins, can take a dollar bill and make it go farther than any size dollar bill has ever gone before for service performed. 7 and 5 are the two steps in the new domestic electric service rate of the Texas Power & Light Company.

If, for the sake of economy, you have been doing without the help of electric appliances in your home, you need do so no longer. It is a real economy to use electricity today. The more you use the cheaper it gets. The housewife who does not make use of electric service cheats herself out of New Hours for relaxation and pleasure, for 7 and 5, The Economy Twins, will do her work in less time.

Put 7 and 5 to work for you. They will do a quicker, neater and cleaner job—dozens of different jobs. Let them save time, money, strength and health for you.

Texas Power & Light Company
"Your Electric Servant"

CAMP LIFE GREAT PART OF YOUNGER GIRLS RURAL LIFE

Following is the seventh of a series of articles dealing with the Camp Fire Girls and their ideals and pleasures. It deals with camping, one of the chief enjoyments in the life of the young girl.

Every girl, who has not been to a camp, hopes to go. Camps are as firmly fixed an institution in the minds of American young people as are colleges—only camps through Camp Fire and other organizations are more available to the rank and file.

Camp Fire did great pioneer work in the matter of camps for girls. Its plan was a sound one educationally and peculiarly practical one because it took the isolated small groups of Camp Fire Girls into account as well as the large group.

The organization believes that every girl should have the experience of living away from her accustomed surroundings in an out-of-door setting. One of the requirements for a Guardian's rank is that she take her group for a week's camping. A series of requirements known as Minimum Standards is given our camps. These can be followed whether the shelter is a shack or more pretentious.

This year the average cost per camper per week was \$7.99. Camp is supposed to maintain itself because it is a transfer of living from the city to the country. It is estimated that 4 per cent of the members went camping.

With the camp as a setting the girls have the opportunity to win many nature, health and campfire honors. This year 13,247 National honors were awarded for work the girls accomplished in their camps.

There were 89 Class A camps (25 or more girls enrolled in each session) and the total number of girls attending them amounted to 15,291. There were 1,374 leaders in camps and 55 of our largest camps were directed by Camp Fire executives.

Interesting as these actual figures are, they do not tell the story of one year of Camp Fire camping. Our correspondence contains references to hundreds of smaller groups which do not fully report their camping.

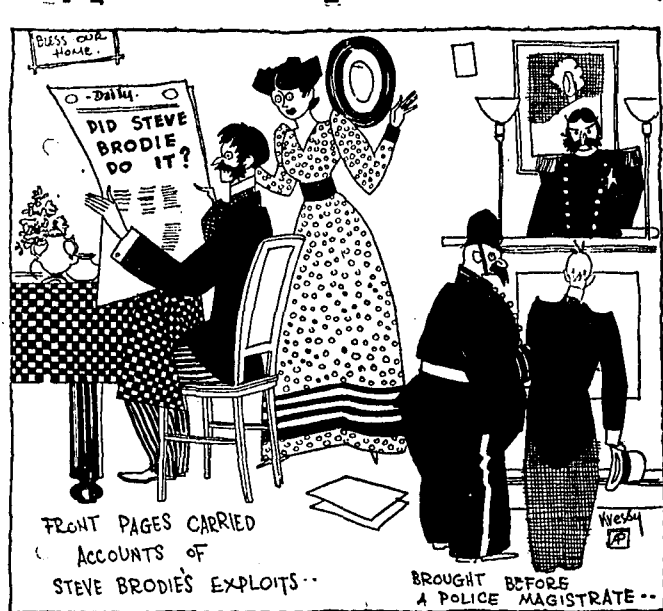

S. J. Jackson Is Elected President Corsicana Y.M.C.A.

At a meeting of the Y. M. C. A. board of directors Monday night, S. J. Jackson was elected president to fill the unexpired term of the late W. H. Hastings. Ed Polk received a unanimous vote for chairman of the finance committee to take the place of J. L. Halbert, deceased. E. E. Babers was elected to fill the unexpired term of the late J. L. Halbert on the board of directors, no one was chosen to fill the unexpired term of the late W. H. Hastings.

In the business session, it was decided to set the tentative date of the financial campaign for outside agencies for October 16 and 17.

W. C. F. Branton was introduced to the board as the new physical director taking the place of William Smith, who resigned some time ago to enter school.

MIRRORS OF YESTERDAY

(Editor's Note—What was the world doing in the pleasant days when today's adults were youths? Forty years ago "Red" Coolidge was a student at Amherst college. A chubby-faced office boy was making good in Oregon. That was Herbert Hoover. Here is the American scene in those interesting times recreated from the transient recordings of daily happenings in a series of weekly stories.)

(A. P. Feature Service Writer) Those good citizens who leisurely perused the morning papers over their ham and eggs in the "exciting eighth" were regaled with the exploits of Steve Brodie of Brooklyn bridge and Niagara Falls fame.

The leading position on the front pages even to San Francisco, was given over to accounts of Steve's death-defying trip over Horseshoe Falls in an inflated rubber suit, a feat which had an amusing anticlimax in his arrest by the San Francisco police on a charge of attempting to commit suicide.

At 4 o'clock on a morning in September, 1889, Brodie with several friends and newspaper correspondents left his hotel at Clifton, Ontario, and went to a point 200 feet above the falls.

Here he stripped, had his body padded with cotton batting and put on the inflated rubber suit. It measured 52 inches around the waist and 75 inches around the chest, the headgear was inflated, and two steel bands protected his body.

Carrying a paddle, Steve "entered the water, caught a current, waved his paddle and was shot over the center of Horseshoe Falls. He was catapulted over the outside of one falling volume of water and quickly lost in the mist and foam."

Brodie was hidden from view for nearly two minutes before he appeared on the surface and was carried by the swirling waters first toward the American shore and then suddenly hurled toward the Canadian shore, where his friend, John Ledger, had ropes ready to drag him from the water.

When picked up he was unconscious and bleeding from the nose, mouth and gashes on his temples, but was revived in a short time by ammonia and brandy. An examination showed he was not seriously injured.

Brodie said that just as he came to the brink of the falls he became unconscious through fright and remained so until he struck the water which churned into foam at the base of the falls.

Chief McDougall of the Ontario police arrested Steve at the Grand Trunk station that afternoon as he was about to board a train for New York. He was charged with attempting to commit suicide by going over the falls.

Brought before a police magistrate, Steve pleaded not guilty, declaring he went over the falls to show the world the trip could be made.

Whereupon the magistrate said he did not believe Brodie went over the falls at all. He said that the whole thing was a "humbug," but that if Brodie would say he did not go the court would release him.

Steve said in that case he was willing to say he did not go over the falls, but that he would not make an affidavit to that effect, as he would not commit perjury.

The magistrate then put him under bond of \$500 to keep the laws of the Dominion of Canada, especially that relating to suicidal trips over the falls.

Skeptical editors headlined the story with captions such as "Did he Do It?" but correspondents at the scene of the great feat said: "There is no doubt that Brodie successfully went over the falls."

CARD OF THANKS.

We take this method of thanking our many friends and relatives for the kindness shown us in the sickness, death and burial of our little son, Edward; also for the donation and flowers. May God's richest blessings rest upon you all in the prayer of Mr. and Mrs. Edd Steele and Children.

Cotton Seed

If you want your cotton seed cleaned and culled for planting, we invite you to investigate our culler at Corsicana. We have made all necessary improvements for us to give you first class service.

METHODIST BOARD STEWARDS ENDORSE SPRING REVIVAL

At the special called meeting of the Board of Stewards of the First Methodist church Monday night in the educational building R. J. Jackson, chairman of the board, presided, the attendance was the best in several months.

A financial report was read by W. E. Slaughter, treasurer, and after considerable discussion of the work that had to be done prior to November 1st the board adopted unanimously a resolution to the effect that First Methodist church would endorse and enter into a union revival for Corsicana next spring.

The motion was made by E. E. Babers, tentative plans call for a meeting in April to last some three weeks in a large wooden tabernacle. Rev. Ham, a noted evangelist is under consideration for this meeting. Rev. Ham is an outstanding Baptist minister and an evangelist of note.

Prior to the board meeting a meeting of Sunday school workers was held in connection with Childhood and Youth week that will be observed and outlined a program for the week with a big meeting Friday night, October 4th, a good program will be arranged for the parents of the church and Sunday school. Van W. Harrell was named chairman, Boyce Martin is to secure the speaker and Mrs. Joe Woods and Mrs. J. S. Murchison are to look after the musical program, for the meeting of the 4th.

Blalock. The assistant attorney general said yesterday his inquiries already have convinced him an investigation is justified and a hearing will be held in this congressional district within the next ten days.

Sun want ads bring results.

ALLEGED COTTON SEED PRICE FIXING WILL GET PROBE

TEXARKANA, Sept. 17.—(AP)—While Assistant Attorney General Jack Blalock prepared to open an investigation of alleged price fixing by companies buying cotton seed in this section, Congressman Wright Patman of this district announced he would go to Washington to lay his charges before the department of justice. Patman charges the companies are keeping the price about \$10 below what it should be.

Blalock revealed the attorney general had been investigating the cotton seed situation in other parts of Texas before Congressman Patman's charges gained publicity for the matter. The congressman has been interested in the matter for a year and will turn his data over to

Mrs. Claud Allen Buys Bluebonnet Tea-Sandwich Shop

Mrs. Claud Allen has purchased the Blue Bonnet Tea Shop from Mrs. Lois Thornell and will conduct the business in the same location in the basement of the State National Bank building. Mrs. Allen took charge of the business Saturday night.

A new feature will be added in the serving of breakfast at 7 o'clock. Lunch will be given from 11:30 to 2 o'clock and dinner from 6 to 7 o'clock.

Several changes have been perfected and new equipment has been added to make the place more attractive and add to the efficiency on serving the customers of the popular place.

Mrs. Allen will be in active charge of the business.

BUILDING NEW CHURCH.

TEAGUE, Sept. 17. (Spl.)—A new Christian church is being erected in Teague in the south part of town on Seventh avenue. Rev. Rascoe is pastor of the new edifice.

The funeral was directed by the Corley-McMahon Funeral Home.

CORSICANA WOMAN DIES AFTER ILLNESS OF SEVERAL MONTHS

Funeral services for Mrs. Myrtle Laura Wilds, 38, wife of G. E. Wilds who died at the family residence 109 West Thirteenth avenue, Monday night at 7 o'clock, following an illness of several months, were held from the residence Tuesday afternoon at 2 o'clock with interment in Oakwood cemetery. The services were conducted by Rev. H. A. Conway, Baptist minister. Mrs. Wilds was a native of Oklahoma, but had resided in Texas for a number of years.

Surviving are her husband, nine children, Delma, Elvia, Mildred, Edith, Elsie, Kenneth, Opal, Dorris and Audrey. Eas Wilds, all of Corsicana; one step-daughter, Vernie Lee Kay, Corsicana; father, W. C. Dillard, Corsicana; one sister, Mrs. Alvie Eubanks, Mabank; one half-sister, Mrs. Pearl McGloob, Corsicana; two half-brothers, Walter Turner Dillard, Sand Springs, Oklahoma; and Paul D. Dillard, Corsicana.

The funeral was directed by the Corley-McMahon Funeral Home.

Pipe and Fittings All sizes, black and galvanized. Prices right. OIL CITY IRON WORKS.

Polo Games Chief Fair Entertainment

SAN ANGELO, Sept. 17.—(AP)—The first of a series of polo games between San Angelo and Abilene was one of the chief items of entertainment on the program of the annual West Texas exposition here today.

The day was set aside for citizens on Presidio, Brewster, Pecos, Crane, Jeff Davis, Upton, Ector, Reagan, Sterling, Glascock, Irion, Crockett and Terrell counties.

English Town Has Spectacular Petroleum Fire

HULL, England, Sept. 17.—(AP)—Thousands of gallons of oil were in full blaze today after an explosion had blown off the top of a huge 35,000 gallon tank. The explosion shook houses and factories in the vicinity and the fire which started quickly spread to another tank containing 250,000 gallons of oil.

TWO TROUBLESOME FEATURES TARIFF BILL ELIMINATED

DECISION MADE TO SPEED UP ACTION ON MEASURE STARTING MONDAY

WASHINGTON, Sept. 19.—(P)—Simultaneously with a conference of senate Republicans today in an effort to present as united a front as possible on highly debatable sections of the tariff bill it was learned the finance committee majority had agreed to eliminate two controversial provisions in the hope of diminishing opposition.

One provision to be stricken out would have changed the old system of equalizing differences in cost of production in determining duties and made "differences in conditions of competition" the formula to be followed.

The second provision would have barred from entry into the United States articles manufactured abroad bearing trade marks owned by citizens of this country. It was agreed to restore the house language which would permit importation of such articles with consent of the owner of the trade mark.

Rep. Charles McNary, chairman of the tariff bill, was not taken up at the conference, the first to be held by the majority party to ascertain the attitude of its members toward procedure.

The Republicans are anxious to dispose of the bill before the regular session. If sufficient progress is not made under the new arrangement night sessions may be ordered.

STRIKING CARMEN AWAITING ACTION OF HIGH OFFICIALS

NEW ORLEANS, Sept. 19.—(P)—While the tentative agreement drawn up at New York to negotiate a settlement of the New Orleans street car strike is held in abeyance the carmen are awaiting conferences between high union labor officials in Detroit, headquarters of the international carmen, before acting for the second time on the proposal.

The carmen rejected the agreement about two weeks ago because of their objections to alleged ambiguity of the paragraph dealing with the return to work of the 1200 men on strike.

Jury in Alleged Assault Case Is Finally Discharged

BRECKENRIDGE, Sept. 19.—(P)—After admitting they were hopelessly deadlocked, the jury trying the case of Leslie Swofford, former high school football player, tried here for the second time on a statutory charge, was discharged this afternoon by Judge C. O. Hamlin.

Father of 24 Children Drops Dead in Ohio

ALLIANCE, Ohio, Sept. 19.—(P)—Mike Goodren, 75, Alliance truck driver and father of 24 children, dropped dead here last night.

Goodren, married twice, was the father of 23 children by his first wife and one by his second. The second wife also is the mother of nine other children by another marriage, making a total of 33 children in the family.

MONTHLY SUNDAY SCHOOL-B. Y. P. U. MEETING PROGRAM

Following is the program of the monthly Sunday school and B. Y. P. U. conference of Corsicana association to be held at the First Church, Corsicana, on Sept. 22, at 3 p. m.

3:30 p. m.—Devotional.
3:40 p. m.—A Promotion Day Program for a Rural Sunday School, N. S. Anderson.
3:48 p. m.—Promotion Day in the B. Y. P. U.; Mrs. L. C. Mabry.
3:56 p. m.—Records Are Needed; Cleo Owens.

3:54 p. m.—The Six Point Record System Building Up the Spiritual Life of the S. S.; F. E. Goodbar.
4:02 p. m.—Department Conferences on the Six Point Record System.

1—Cradle Roll and Beginner; Mrs. Ben Blackmon.
2—Primary; Mrs. J. C. Browning.
3—Junior; Mrs. Jno. E. Davis.
4—Intermediate; Mrs. Joe Shepard.

5—Young People and Adults; R. E. Schoeps.
6—Superintendent; Miss Pearl Calhoun.

4:12 p. m.—Reassemble; reports, business, banners, announcements, etc.
4:30 p. m.—Adjourn.

At this meeting we should set the time for the associational contests in intermediate sword drill and junior memory work. Every church should have a contest before the associational contest which must be held before the last of November.

It is proposed to have a display of the training record of each church, in connection with the young people's Sunday school and B. Y. P. U. rally on the night of Oct. 10, at Dawson, during the annual associational meeting. Each church is to be supplied with all record charts for this purpose, and requested to fill out and bring to the association at Dawson, Oct. 10.

According to the proposal these are to be displayed on the walls of the church at the young people's rally. Remember, there is to be a special program for this rally at Dawson, and that Dr. W. W. Melton, pastor of Seventh and James street church, Waco, is to be the principal speaker. Please boost this rally in all the churches, and let all the young people come.

COMMITTEE.
SICK AND CONVALESCENT

Doris Walling underwent an operation for appendicitis at the Navarro County Hospital Thursday morning.

C. B. Swink underwent a minor operation at the Navarro County Hospital Thursday.

E. E. Ray underwent an emergency operation for appendicitis at the Navarro County Hospital Wednesday night.

REPORTED UNABLE REACH AGREEMENT; SENT BACK AGAIN

(Continued From Page 1)

—that a verdict had been reached but had been withheld, and that a disagreement had arisen.

The 24-year-old former Texas university student's fourth trial, in which she claimed insanity, was ended here late yesterday on the pleading note of her young husband, Otis Rogers, that the jurors send her to the electric chair or turn her loose.

Mrs. Rogers robbed the Buda, Texas, Farmers National Bank of \$1,600 in December, 1926.

The state accused her of turning bandit because "hot" checks she had written began to pile up and creditors became insistent. Rogers and his two young assistants, both of whom were classmates of Mrs. Rogers and her husband at the university, declared an hereditary tendency toward insanity had been developed into actual mental irresponsibility by pellagra.

There were wet eyes in the little courtroom as Rogers, closing the arguments, told the story of his campus courtship and the subsequent secret marriage revealed when his wife was arrested. His mad rush from Amarillo to her defense gave him pneumonia, which brought on tuberculosis.

Refusing to consider any sort of prison term, he shouted out his request for conviction with the death penalty, allowed for robbery by firearms, or acquittal.

"I would rather see her dead than associating with criminals," he cried.

He called her "child," and while her mother, Mrs. Grace Rogers, wept, he begged that he be allowed to take his wife home and try to correct her mental defects.

District Attorney Fred Blundell called the Rogers story a "frame up" and declared that "if the defendant had been a man a jury would have returned a verdict in 30 minutes."

OHIOAN TO HEAD MILITARY SECTOR OF ODD FELLOWS

HOUSTON, Sept. 18.—(P)—Fred H. Hahn, of Toledo, Ohio, will be named commanding general of the Patriarchs Militant, quasi-military organization of the I. O. O. F. It was learned today at the world convention of Odd Fellows and associate organizations here.

Hahn will be chosen Friday to succeed Will C. Miller of Augusta, Maine, commanding general for the past two years. He will be appointed by M. M. Logan of Bowling Green, Ky., new I. O. O. F. grand scribe.

New officers of the I. O. O. F. press association were announced today. They were E. L. Smith of Seattle, Wash., president; Miss Flora Shee, Chicago, vice president; E. M. Glass, Lexington, Ky., secretary; and Frank L. Lenhart, Minneapolis, treasurer. All are editors of fraternal publications.

Jim Hux of Eureka was in town Wednesday on business.

THE ECONOMY TWINS

East Texas Couple In Hospital Result Shooting Near There

TEXARKANA, Sept. 19.—(P)—Wiley Hillis, 45, and his 24-year-old wife were in a hospital here suffering serious gun shot wounds following a shooting at their home at Malita, 30 miles west of here, today.

Mrs. Hillis told officers her husband shot her and then wounded himself. She blamed domestic troubles of long standing for the affair. The couple have two children, neither of which was present at the time of the shooting.

Both were shot through the head. The woman was wounded twice.

BORGER SITUATION GROWING STRAINED RESULT OF CHARGES

(Continued From Page 1)

the city and county officers will arrest him."

Clem Calhoun, district attorney of the 104th district, was expected here today as special state's attorney sent by Gov. Moody to aid the Rangers.

Calhoun is one of the best prosecutors in Texas, cannot be intimidated and knows how to get the facts," the governor said. "The six Texas Rangers at Borger need an experienced man to assist them in the law, and I hope Mr. Calhoun will be able to stay with them until this matter has been cleared up."

District Judge E. J. Pickens planned a conference with the new attorney.

Calhoun Due Thursday
BORGER, Sept. 19.—(P)—Clem Calhoun of Abilene, appointed by Governor Moody as a special prosecutor for Hutchinson county, was to arrive here this afternoon after a conference with Judge E. J. Pickens at Canadian.

J. T. McCullough, a resident of the Dawson community was here Wednesday on a business trip.

KANSAS CITY WILL PROTEST GRAIN RATE CUT BY RAILROADS

KANSAS CITY, Sept. 19.—(P)—The Kansas City Board of Trade announced today it would file a brief next week, before the Interstate Commerce Commission, protesting new tariffs which have been filed by five railroads, establishing lower rates on grain shipments from points of origin to the Gulf of Mexico than is accorded shipments routed by way of Kansas City.

The commission will be asked to suspend the tariffs pending a full investigation. Railroads to be named in the brief are the Santa Fe, Rock Island, Missouri Pacific, Missouri-Kansas-Texas and the St. Louis, San Francisco.

New schedules were filed by the railroads following the granting of a new rate to the Kansas City

CRUDE PRODUCTION INCREASED 9,050 BARRELS IN WEEK

OIL OUTPUT EAST OF CALIFORNIA SHOWED DECLINE DURING TIME

NEW YORK, Sept. 18.—(AP)—The daily average crude oil production in the United States increased 9,010 barrels for the week ended Sept. 14, totaling 2,965,400 barrels, says the weekly summary of the American Petroleum Institute. The daily average production east of California was 2,091,600 barrels, a decrease of 10,550 barrels. Refineries representing 93.9 per cent of the estimated daily potential refining capacity, operating at 83.5 per cent of their capacity reported daily average run of crude oil to stills as 2,659,400 barrels. Daily average the previous week was 2,657,600 barrels for refineries representing 94.1 per cent of potential capacity operating at 84 per cent of their capacity.

Daily average production:

Barrels.	Incr.
Oklahoma	748,700 12,300
Kansas	129,000 "600
Panhandle Texas	128,400 "1,100
North Texas	57,800 "1,250
West Central Texas	57,800 "1,250
East Texas	365,050 "7,850
West Central Texas	17,450 "500
Southwest Texas	74,450 "1,700
North Louisiana	35,150 "100
Arkansas	65,900 "100
Coastal Texas	135,850 "1,850
Eastern	137,500 2,500
Wyoming	57,000 "2,400
Montana	11,800 700
Colorado	6,000 "50
New Mexico	3,400 "50
California	873,800 19,600
Total	2,965,400 9,050

*Decrease.

Daily imports of petroleum at principal ports for the week ended Sept. 14 were 307,215 barrels, compared with 274,425 for the previous week and 270,929 for the four weeks ended Sept. 14.

Daily average receipts of California oil at Atlantic and Gulf Coast ports for the week ended Sept. 14 were 56,429 barrels, compared with 45,429 for the previous week and 73,786 for the four weeks ended Sept. 14.

Refinery operations (figures in barrels):

Wk. End.	Crude run to stills.	Total	Dly. avg.

TRUSTEES DECIDE ON MEMORIAL FOR SLAIN CHICAGO BOY

CHICAGO, Sept. 18.—(AP)—The Bobby Franks Memorial to perpetuate the memory of the child victim of the Loeb-Leopold thrill murder has been decided upon by the trustees named in the will of Bobby's father.

The American Boys' Commonwealth has been chosen as beneficiary under the elder Frank's \$100,000 bequest. The choice was made, the trustees explained in keeping with the father's desire as expressed in the will.

"The type of memorial I desire my trustees shall establish shall be a fitting memorial to perpetuate the memory of my boy, who would desire that any memorial in his name should be one that would give pleasure, help and encouragement to boys, as he in his lifetime gave sympathy, encouragement and consideration to his playmates."

Richard Loeb and Nathan Leopold, Jr., are serving life sentences for the murder of the Franks boy.

Will Make Tour Of Dairy Herds

MEXIA, Sept. 18.—(SP)—The Blaine-Jerry dairy tour of herds of Limestone and Freestone counties on Sept. 26 will have as its speaker, Roger Davis, agricultural agent of the East Texas chamber of commerce. Mr. Davis will join the party in Teague and will lecture on grasses at a luncheon given those on the tour by the Mexia chamber of commerce at noon. The tour will end in Groesbeck.

WHEN CHILDREN Need a Laxative

"We have used Theodor's Black-Draught in our family for nineteen years. I have found it of great help in raising my family."

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right."

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."

—Mrs. Doherty Terry, 1205 4th Ave., Decatur, Ala.

ANOTHER GIANT RAILROAD MERGER EMBRACING SIXTEEN ROADS PROPOSED BY LOREE

WASHINGTON, Sept. 18.—(AP)—A proposal for a two billion dollar railroad consolidation, linking ports and industrial centers along the North Atlantic seaboard, was injected today into the already complex merger situation confronting the interstate commerce commission.

Put forward by L. F. Loree, president of the Delaware and Hudson company, the proposal embraced 16 railroads in eastern and New England states and would form a comprehensive terminal system of tremendous size.

Several of the carriers listed also are desired in other big scale consolidations plans set forth in applications which have been filed by the Chesapeake and Ohio, Baltimore and Ohio and the Wabash railroads.

The Loree proposal takes in 13,553 miles of line from Canada to Norfolk and into the west as far as Deep Water, West Virginia, and Pittsburgh Junction, Ohio. In the investment in which on December 31 was \$2,629,391,328.

The Delaware and Hudson executive seeks control of the New York, New Haven and Hartford, Boston and Maine, Reading company, Buffalo, Rochester and Pittsburgh, Delaware, Lackawanna and Western, Bangor and Aroostook, Railroad, Buffalo and Susquehanna Central Railroad of New Jersey, Lehigh and Hudson River, Lehigh and New England, Maine Central, New York, Ontario and Western, Pittsburgh and West Virginia, Rutland Railroad Company, Virginian and Western Maryland. He also asks transfer rights over the New York Central between Albany and Cornwall, New York.

FEDERAL BOARD APPROVES LOAN TO WHEAT PRODUCERS

WASHINGTON, Sept. 18.—(AP)—The federal farm board today approved a loan of \$5,000,000 to the North Dakota-Montana Wheat Growers' association of Grand Forks, North Dakota.

The loan is supplemental to one already granted by the Federal Intermediate Credit Bank of St. Paul, Minn.

The advance will be ten cents a bushel on wheat held by the association with a provision that the combined sums, obtained from the intermediate Credit Bank and the farm board, shall not exceed \$1 a bushel.

The board said this association was the first to qualify for the supplemental loans which the farm board has announced. It was ready to make to cooperative grain growers associations.

TEXAS DEFENDER AND WIFE MOVED STATE CEMETERY

AUSTIN, Sept. 18.—(AP)—The bodies of Captain Mosely Baker and his wife have been exhumed from graves adjoining Sam Houston Park in Houston and will be re-interred in the state cemetery here Friday.

Captain Baker burned San Felipe De Austin to prevent its capture by Santa Anna and later com-

Triplets Are Born to Jersey Cow on Monday

And this is no bull story. Heifer triplets, a very rare phenomenon of nature, were dropped Monday by a young Jersey cow belonging to J. B. Keach, 1907 West Thirteenth avenue, and the young "herd" has been pronounced in good physical condition with excellent chances of reaching maturity.

The dam is not yet thirty months old, according to Mr. Keach, and the sire is registered. The triplets marked the second calving of the cow, who usually produces about three gallons of milk a day.

Both mother and progeny are of the typical cream Jersey coloring. Mr. Keach has stated that he will raise the animals for dairy stock.

Dr. M. Smotherman, veterinary, said Wednesday morning that it was only on rare occasions that triplets were dropped, and the fact that they were all heifers made the case even more phenomenal.

Numerous stock lovers and those interested in dairying have examined the stock during the past few days.

Manded Company D at San Jacinto. After the war of independence, he was a member of congress of the republic.

He was born in Norfolk, Va., on September 20, 1802, moving early in life to Alabama, where he studied law and was admitted to the bar. He arrived in Texas March 2, 1835, with his wife and daughter.

TEXAS FEEDERS AND BREEDERS TO LAUNCH MOVEMENT

DALLAS, Sept. 18.—(AP)—The Texas Feeders and Breeders association's exhibit at the State Fair of Texas this year will launch one of the greatest livestock movements in the history of the state, in the opinion of bankers, cattlemen, publishers and others who endorsed a program of feeding millions of dollars worth of cattle in the back land, grain and sorghum areas of Texas.

Endorsement was given at a meeting attended by leading officials from the majority of statewide organizations in the state which have actively functioning agricultural extension and development organizations.

Primarily the discussions centered around the potentialities of buying feeder calves and steers from

COOLEIDGE SCHOOLS OPEN

COOLEIDGE, Sept. 18.—(SP).—Coolidge public schools opened, under direction of a new superintendent, J. E. Lincoln, Monday, with about 300 enrollment. An opening program was held, and Monday evening the Parent-Teacher Association gave a banquet in honor of the faculty.

West Texas and "finishing them off" or developing them into saleable beef steers in parts of Texas where in the past this practice has been desultory.

The association was formed recently at Midland.

While the complete personnel of the directorate has not been completed, several names were decided on today. They include C. F. Holland of Houston, John Gist of Odessa, Leon Goodman of Midland, Robert Kleburg of Kleburg, Judge W. W. Bogle of Marfa, W. L. Pier of Fort Worth, John W. Middleton of Greenville and John Lee of San Angelo.

MARLIN MINISTER ELECTED MODERATOR PRESBYTERY SESSION

AUSTIN SELECTED AS PLACE FOR HOLDING OF SPRING SESSIONS OF BODY

Rev. W. H. Matthews, pastor of the First Presbyterian church, Marlin, was elected moderator of the fall session of the Central Texas Presbytery which convened at the First Presbyterian church Tuesday evening. The invitation to hold the spring session of the Presbytery in the University Presbyterian church, Austin, was accepted in the short business session following the election of moderator. Rev. D. B. Gregory was appointed temporary clerk.

Rev. D. B. Gregory, pastor of the Trinity Presbyterian church, Waco, was elected moderator of the Presbytery, using as his subject, "Ancient Landmarks," in which he exhorted the members of the churches to hold fast to their spiritual inheritance, as did the Jews in their time, hold on to the land grants given in the allotting of lands to the warriors after the conquest of the promised land.

The Rev. David Shepperson, pastor of the First Presbyterian church, Austin, was elected moderator of the session during the election of a new moderator. Rev. Malcolm Purcell was elected moderator in the spring session but having accepted a call to the Fort Arthur church which is outside the jurisdiction of this presbytery, appointed Rev. Mr. Gregory to preach the opening sermon.

Rev. D. B. Gregory preached. Rev. Mr. Gregory in his sermon pointed out that the Jews in the early history of the nation were given land grants which they were urged to mark and guard the boundary lines. Such a caution should be applied in upholding and guarding the spiritual inheritance which has been handed down, he declared.

Landmarks, or doctrines, on which emphasis should be placed in time of stress enumerated by the speaker, included an emphatic belief in the personal living God, a necessary realization of a real and living God, and personality and duty of God's Holy Spirit.

In conclusion, Rev. Gregory declared that in a age of materialism, a church which holds to the ancient landmarks in spiritual heritage is needed.

Wednesday Morning Business Session

At the Wednesday morning session of the Central Texas Presbytery a large part of the time was taken up with the examination of one candidate for ordination as a minister and two candidates to the ministry. The meeting was opened with a short devotional service under the leadership of Rev. James McLean of Gatesville. At 11 o'clock, the Rev. J. W. Campbell of Fort Worth delivered the opening sermon, followed by the administration of the sacrament.

In the opening of the prolonged business session, three calls for pastors were read and turned over to the proper hands. These calls were from the Streetman Presbyterian church for James Cochran, Union and Gatesville churches for James McLean and Clifton for Ellis G. Mosely.

Standing committees appointed by the stated clerk were: Bills and censure—Rev. B. W. Downing, R. L. Nicholson and C. B. Wiggins.

Judicial—E. M. Dodson, Dr. W. S. Red and D. Parker.

Financial and audits—Elders Boyd Conolly, F. Kelso and W. A. Cooksey.

Printed Minutes of the Presbytery—Rev. C. W. Pevan.

To arrange subject for next Presbyterial sermon—M. MarYosp, Wesley Prince and J. M. Blanding.

Leave of Absence—J. W. Allen and J. A. A. A.

Sessional record for Taylor and Gabriel Mexican churches—Elder Manuel Adams and W. S. Scott.

Ministerial Candidates.

James Cochran, candidate for ordination as minister, was examined thoroughly on his beliefs and conceptions of various phases of the church work and was delegated to preach during the afternoon session. Homer Culver of Streetman and Elder Manuel Adams of Corsicana, were enrolled as candidates for the ministry after an examination, and put under the care of the Ministerial Education and Relief committee of the Presbytery.

Immediately before the communion sermon, Miss Louise Woodson, director of Religious Education spoke on the accomplishments of the committee during the past few months and the program outlined for the fall and winter months.

The Rev. Campbell, spoke briefly on the origin of the Lord's Supper and its significance today in the history of the church.

Revs. S. J. Murry and Michael MarYosp, assisted by the following elders administered the sacrament to the assembly: O. Wiggins, Frank Kelso, E. M. Dodson, O. D. Parker, W. A. Cooksey, Boyd Conolly and J. M. Blanding.

During the afternoon session the reports of the various committees

Twelve Miners Die In Blast In German Colliery

SAARBRUKEN, Germany, Sept. 17.—(AP)—The death list from a fire-damp explosion in the St. Charles mine today increased to twelve, with 40 injured. The disaster followed a series of explosions which destroyed all the ventilators and demolished the central electric station and boiler house. The cause of the explosions has not been determined.

BILLION DOLLAR BANKING COMPANY WILL BE FORMED

NEW YORK, Sept. 18.—(AP)—Rumors that the Marine Trust Co. of Buffalo, together with Stone & Webster and Blodgett, Schoellkopf, Hutton & Pomeroy and other New York investment interests, are planning a \$1,000,000,000 chain banking organization received official confirmation today.

A holding company will be incorporated in Delaware to be known as the Marine Midland Co., and negotiations are already near completion for the acquisition of about fifteen important New York state banks. A new bank, to be called the Marine Trust Co. of New York City, will be formed to give the chain a well Street unit.

The chain will start with combined resources of about \$500,000,000. Approximately \$100,000,000 will be used in the acquisition of about \$500,000,000 for further expansion. While the chain will initially confine itself to New York state, it is planned to push it eventually into several other states.

George F. Rand, president of the Marine Trust Co., will head the new organization, as president.

have surrendered lives to Jesus Christ; workers must understand what sin means in the lives of un-saved men and women, how it undermines and blights the lives of men, and finally to believe Jesus Christ can save to the uttermost.

Dallas Minister Speaks.

After a bounteous supper served to the visiting men by the women of the First Presbyterian church of the church annex, Rev. William M. Anderson, pastor of the First Presbyterian church, Dallas, spoke on the organization and business of men's work in the church.

In the beginning of his talk, Rev. Anderson declared that a number of difficulties are in the way of such an organization. Speaking of some difficulties the speaker stated are the press of everyday activities, and that men needed in the church were offered by J. P. Kidd, superintendent of the Central Texas Presbyterial evangelism, and Thomas W. Currie, president of the Austin Theological Seminary.

L. A. Coulter, prominent lay worker in the First Presbyterian church, Dallas, spoke on visitation evangelism, a type of personal work. Mass evangelism is to many the least effective way, as the class people to whom the sermon is being directed are not present, he added, as it is always in vogue, deepening the Christian character, the speaker stated Jesus Christ gained his disciples by the personal evangelism method.

Laymen Often Ignored.

Laymen, as an evangelistic force are ignored in many churches, Mr. Coulter declared. Men, women and mature young people in the churches have never caught a vision of what it is to lead an un-saved soul to Christ, one of the greatest experiences, surpassed only by ones own salvation, he declared.

The subject of personal work evangelism has been discussed many times by churches who have never allowed the organization powers to be used, something definite could be done if the people could be reached and brought into the church, he declared.

Discussing his method in detail, Mr. Coulter stated that three features of the work were necessary before the campaign to bring in lost souls could be accomplished. First, the church must have a survey of the community in which the work is to be done must be made to determine the number of un-saved men, women and children in the neighborhood.

Method of Selection.

The second step, he said, is the careful selection of visitors to do the work, spend considerable time in their selection and go to them and tell them of their selection. More than one excuse will be offered to be relieved of the task, but tell them the burden of the success will be placed upon the director of the campaign, who will tell them the method of procedure to be used. Get their aid one by one but send them out two by two, the method Jesus Christ used in sending out the seventy on an evangelistic tour.

An important feature of the campaign is to have a fellowship meeting each evening and hear reports of the various committees, giving them new prospects to work on. If the meeting is held early in the evening, the workers will be able to see families soon after supper.

Bad weather does not interfere with this program, but is in reality an aid, as families can be visited in their homes, the speaker stated.

Must Be Loyal.

This method does not require the aid of trained workers, but does need the aid of faithful, loyal and loving servants of the Lord Jesus Christ, he added. Men and women engaging in the campaign catch a bigger and better vision of what service means, Mr. Coulter stated.

In closing, the speaker pointed out four things which must precede the launching of such a campaign. These were praying, prayer, leaders must know what it means to

MEN'S RALLY WAS WELL ATTENDED AT AFTERNOON SESSION

INSPIRATIONAL PRE-PRESBYTERY GATHERING MOST INTERESTING AFFAIR

Seventy-five pastors and laymen of churches comprising the Central Texas Presbytery attended the Men's Rally held Tuesday afternoon before the opening of the presbytery. Rev. E. H. Hudson, chairman of the men's work committee, presided over the meeting.

After a short song service, led by Rev. W. H. Matthews of Marlin, prayers for the advancement of the work among the men of the church were offered by J. P. Kidd, superintendent of the Central Texas Presbyterial evangelism, and Thomas W. Currie, president of the Austin Theological Seminary. L. A. Coulter, prominent lay worker in the First Presbyterian church, Dallas, spoke on visitation evangelism, a type of personal work. Mass evangelism is to many the least effective way, as the class people to whom the sermon is being directed are not present, he added, as it is always in vogue, deepening the Christian character, the speaker stated Jesus Christ gained his disciples by the personal evangelism method.

Laymen Often Ignored.

Laymen, as an evangelistic force are ignored in many churches, Mr. Coulter declared. Men, women and mature young people in the churches have never caught a vision of what it is to lead an un-saved soul to Christ, one of the greatest experiences, surpassed only by ones own salvation, he declared.

The subject of personal work evangelism has been discussed many times by churches who have never allowed the organization powers to be used, something definite could be done if the people could be reached and brought into the church, he declared.

Discussing his method in detail, Mr. Coulter stated that three features of the work were necessary before the campaign to bring in lost souls could be accomplished. In closing, the speaker pointed out four things which must precede the launching of such a campaign. These were praying, prayer, leaders must know what it means to

fact that many plans in the past have proven to be failures.

Serious Obstacle.

One obstacle in the way of organization is the fact that sin in the lives of men hold them back by something in their life and they are good sportsmen enough to turn down the offer instead of being hypocritical about the matter, Rev. Anderson declared.

The advantages which Dr. Anderson put forth in the conclusion of his talk included the fact that the men's meeting developed a fellowship among men that nothing else could do; it teaches the men the business of the church; develops material for church leadership and enlarges the spiritual life of the men.

At the conclusion of the speech, the meeting was adjourned by prayer and its members went into the main church building to attend the opening session of the presbytery.

Governing Body For Air Transportation

KANSAS CITY, Sept. 17.—(AP)—A proposal for the creation of a governmental body similar to the Interstate Commerce commission to regulate air transportation was submitted to the National Air Traffic conference here today by Earl P. Halliburton, president of the Southwest Air Fast Express.

The proposal caused a stir among the representatives of the leading air transport companies attending the conference, most of whom have held out staunchly against federal regulation.

WAGGONERS MAKING PLANS FOR RACES DURING NOVEMBER

FORT WORTH, Sept. 18.—(Spl.)—An army of five hundred workmen is rushing to completion a score of additional buildings at W. T. Waggoner's Three D's Stock Farm located near here, in order that the grounds may be ready for the race meet to be held November 6th to 16th.

An additional grandstand is under erection, which, with the existing one, will provide a total comfortable seating capacity of at least 10,000 people; and assurances have been received from the owners of many of the best thoroughbred horses in the United States, that their strings will be present, which insures the success of this meet. Purse of at least \$70,000, and probably as much as \$100,000.

The proposal caused a stir among the representatives of the leading air transport companies attending the conference, most of whom have held out staunchly against federal regulation.

will be offered for the contesting horses.

W. T. Waggoner has always raised good horses; his chief purpose is to encourage the breeding of good horses in Texas and reinstate Texas in its old position of being one of the best horse breeding states of the whole country. He has raised some of the fastest and best horses on his ranch, and believes that Texas grass, Texas climate, and Texas soil will produce better horses than any state in the union.

This is purely a private venture sponsored by Mr. Waggoner and his two sons, Guy and Paul, for the development of the horse breeding industry in Texas.

The Waggoner holdings include a North Texas cow ranch of more than 500,000 acres, on which are located more than 1100 producing oil wells, this land having been acquired by Mr. Waggoner for ranch purposes more than forty years ago.

W. T. Waggoner years ago made up his mind that Texas was an ideal breeding ground for good horses. He argues that farmers can raise a few fine-bred colts and make more money per annum by far, with practically no added cost, than they can by raising cotton. Also that Texas is the greatest place in the world for the winter training of horses, and that the horses of the United States should be trained in Texas in winter, rather than Cuba, Mexico and Florida, which would result in finding an

additional market for feed raised by farmers.

The \$100,000 imported English Phalaros is head stud of the Three D's Farm; Vermao, one of the Waggoner horses, won the New Orleans handicap last February, which carried a solid gold cup of a cost of \$3500.00, and this horse received at that race more than \$35,000 in purses. My Dandy, sire of the most valuable well-bred and famous thoroughbred bred mares of the country.

Three jurors were accepted Monday.

Selection of a jury to try Cecil O'Neal on a charge of murder growing out of the killing on July 5 of Audie C. Fentress during a party at Lake Worth was at a standstill today.

Half a dozen veniremen had been questioned up to 10 a. m., but all were disqualified either because of scruples against inflicting the death penalty or because of having formed an opinion.

BETTENCOURT IS STAR OF TILT AS FRAZIER IN FORM

CONNALLY AND PAYNE EX- PECTED TO TAKE MOUND IN THURSDAY GAME

WICHITA FALLS, Sept. 19. (AP)—Victorious in the initial skirmish and their pitching staff intact, Milt Stock's Dallas Steers were in the driver's seat as they prepared to tangle with Jim Galloway's slugging Spudgers in the second game of the Texas league play-off here today.

As Victor Frazier, 20-year-old smokeballer, demonstrated yesterday that a good right-hander could quiet the Steers bats with men on base, the Steer skipper was expected to entrust today's assignment to Sargeant George Connally, veteran of many major league campaigns. Three Wichita Mounties, including the team's two aces, Messenger and Payne, had a hand in losing the opener, 3 to 2, so Galloway's bill choice was problematical. As Payne pitched to only three batters, he was a likely choice to attempt to stop the Steers and square the series. Al Wiltsie, veteran southpaw, was the second guess to toil for the Spudgers.

George Blumhoff, Dallas backstop, who whammed in the winning run with a single in the ninth, and Larry Bettencourt, Spudgers' substitute first sacker, who collected three of the homebatters' eight hits off Frazier, including a homer, and scored both of his team's runs, emerged individual heroes. They supplied the thrills for 8,000 customers that jammed the Park. Frazier and Messenger hooked up in a pitcher's duel until the Spudgers' submarine artist was relieved for a pinch hitter in the eighth. The Steer rookie was at bat in the ninth, leaving 12 Orlans stranded on base. Messenger gave up only one earned run, Jim Moore's homer in the fifth. The Steers' other run in that inning resulted directly from a pair of infield bores that enabled Country Davis to reach third on a single and score on a sacrifice fly.

Robertson Secures Release at Beaumont;

Considering Offers
BEAUMONT, Sept. 17. (AP)—Beaumont, with the resignation yesterday of Manager Claude Robertson, became the first Texas league club to enter the market for a new manager for 1930. Robertson obtained his unconditional release so he will be a free agent in making any contract he wishes for 1930. Robertson, it is understood, has been dissatisfied because he was unable to obtain the reinforcements he considered necessary for the last half of the Texas league campaign this year. He had Ruben Stuart, owner of the club, and their relations had always been most pleasant and expressed admiration for each other.

Dixie Series Dates Announced by Ruggles

WICHITA FALLS, Sept. 19. (AP)—Announcement that the Dixie series between Birmingham of the southern association and either Dallas or Wichita Falls of the Texas league would get under way Sept. 25 at Birmingham has been made by William E. Ruggles, league president of the Texas circuit. The second game will be played at Birmingham Sept. 26. Beginning Sept. 28, the contenders will meet in the home city of the Texas champion for a three day stand. The sixth contest will be in Birmingham on Oct. 2, and the seventh in the city winning a toss, if the series goes the third, Oct. 3 if in Birmingham, and Oct. 4 if in the Texas city.

Coolidge High Has Seven Games Carded

COOLIDGE, Sept. 17.—Seven games have been scheduled for the approaching football season by the Coolidge high school club. Coolidge is a member of the class B district interscholastic league. Following is the schedule: Sept. 27.—Coolidge vs. Dawson. Oct. 4.—Coolidge vs. Mart. Oct. 11.—Open. Oct. 18.—Coolidge vs. Mexia. Oct. 25.—Coolidge vs. Hubbard. Nov. 1.—Coolidge vs. Groesbeck. Nov. 8.—Open. Nov. 15.—Coolidge vs. Koss. Nov. 22.—Coolidge vs. Wotham.

STATE HOME LADS EXCELLENT SHAPE FOR CLEBURNE CONTEST

BY FRANK ELLSWORTH

The State Home Lads are pepped to the highest degree of fighting spirit for their opening game of the season with the Cleburne Yellow Jackets in Cleburne Friday afternoon. The Lads have paid little attention to the defeat of the Jackets last Friday at the hands of the Masonic eleven. They know that this defeat will likely make the Jacket team harder to beat than last week. The Lads are going into the game with the old fighting spirit, that they are so noted for, and are determined to sweep the Jackets off their feet in all departments. They are going to keep the Cleburne delegation from scoring, but to score some points for themselves. They do not want to be content to hold Cleburne and keep them from scoring, but they want some of the fun of scoring for their own.

L. V. Knott, the captain for the Lads team and sensational full back of Class B, will be at his old fighting form for the combat with the Jackets. He will also have a strong delegation of fighting, plucky warriors to fight with him in this battle. Among these fighters Knott has a brother in the person of B. Knott, who bids fair to be one of the best ends in the district this season. He is likely to deal the Jackets plenty of misery with his hard hitting, sure tackling, and good pass receiving. He is to be a great tower of strength at the end position. L. V. Knott will have in the backfield the two fighting half backs from last year, McKeefer and Davenport. McKeefer will probably deal the Jackets misery with his battering ram line plunges, end runs, and passes and punting. Davenport will deal plenty of misery if he gets loose in this game with his winged feet. He will be hard to catch if he once gets loose. He will likely also do much of the passing and kicking for the Lads. Bryant is new at the game at quarter, but he has plenty of nerve and grit. He will likely pilot the Lads through most of the game. Ely will likely be seen in the backfield in this game. This is Ely's first year but he is making a very promising start.

Itasca Eleven Will Play Great Schedule

ITASCA, Sept. 17.—Workouts are being held daily by the Itasca high school football team and those in close touch with the team are predicting a successful season. Itasca was eliminated by the State Orphan's Home team at Cotulla in their district 14, interscholastic league game. The opening game of the season will be Friday afternoon against the Waco Orphan's Home. Several open dates appear on the schedule but these will be filled in if possible. The Itasca club will have a number of tough assignments. Following is the schedule: Sept. 20.—Waco Orphan's Home. Sept. 27.—Open. Oct. 12.—Itasca vs. Denton. Oct. 18.—Open. Oct. 25.—Itasca vs. Cleburne. Nov. 1.—Itasca vs. Italy. Nov. 11.—Itasca vs. Hillsboro. Nov. 15.—Itasca vs. Marlin. Nov. 22.—Itasca vs. Mexia.

Wortham Bulldogs to Meet Strong Elevens

WORTHAM, Sept. 17.—The Wortham Bulldog football schedule for the ensuing year has been practically filled and a number of strong teams will be played during the approaching season. The Wortham club has been entered in district 14, class B, University of Texas interscholastic league, this year. Following is the schedule: Sept. 27.—Wortham at Mart. Oct. 4.—Open. Oct. 11.—Wortham at Wotham. Oct. 18.—Wortham at Malakoff. Oct. 25.—Wortham at Mexia. Nov. 1.—Wortham at Hubbard. Nov. 8.—Open. Nov. 15.—Wortham at Teague. Nov. 22.—Wortham at Coolidge.

Freestone Cotton Is Half Gathered

TEAGUE, Sept. 19. (SP)—Cotton picking is still in full swing in this county, however it is thought to be probably on the decline. At least one-half or probably more of the crop has been gathered. Recent rains have hindered picking some during the last week. If element weather continues, the bulk of the crop will be out in two weeks. A top crop is very unlikely as the plants would not have time to put on a crop and develop it before frost.

SAVE CITY BOOK STORE
CASH TICKETS.

and with his speed, tackling and pass receiving. He is light and small, but he makes up for these in his fight and grit. Hayes a veteran guard will likely be seen in his usual position. He is determined to open a hole big enough for a train to go through and the back field are all "kitty-ers."

Baker will probably fill the other guard position. Baker saw a little action last year, and is promising to make a fighting guard for the Lads. He is full of fight and is going to get his man out of the way every time, and fight from whistle to whistle.

In the center position Williams will likely be seen fighting his usual game and stopping opponents plays in all directions. Ben is full of fight and stickability as all of the fans know. Harrell and Mader will probably fill the tackle positions. They are both veterans with all of the spirit and fight that can be found in any player. Their actions speak louder than words. They are both towers of strength that are hard to topple and when they do bounce up stronger than ever and fighting harder.

Sheppard is another end that will probably see service during the course of the game Friday. He is a hard hitting, fighting end and a good tackler, hitting hard and sure. Have Reserve Strength. The Lads have more reserve strength this year than previous years. This was one thing that the Lads had in their favor. They needed in the worst way. The Lads are well prepared in all departments. Some one is going to be sorry after the game. All of the reserves are showing up fine, among them is Alverston who will likely see service in the Jacket game at quarter position. The Lads will be accompanied by the Lassie pep squad. This squad of girls has a reputation of staying with the team whether winning or losing. They will be a great help to the Lads Friday. They will be swinging the old green and white banners in front of the Lads which will make them fight all the harder.

Roaming the Realm — Or — County Sports

By DELMORE OLSEN

Interest in the coming football campaign to be waged by the Corsicana high school in quest of district 4 honors is increasing rapidly, and football fans anxious to see the 1929 team in action, are expected to flock to Tiger field Friday afternoon for the opening game of the season against the Ennis Lions, the only class B team to meet the local high school this season.

On Friday, Sept. 27, Greenville, champions of their district last year, furnish the opposition for the Tigers. This game will be watched with interest as it will be the first real test for the 1929 team.

On successive Fridays following the Greenville game, Athens, Allen Academy and Hillsboro invade the Tigers' den. These three games will really prepare the Tigers for the invasion of Waco, Temple and Cleburne in district contests. According to a consensus of opinion among sport critics in this district, Corsicana and Temple are doped to fight for the title.

Sunday afternoon, the Fairfield baseball team meets the Magnolia Millers in the second of a three-game series to determine the tri-county championship at the Municipal park. Reports received from the game played in Fairfield last Sunday afternoon, indicate that a real treat is in store for local baseball fans. The Bi-Country League champions, Fairfield, took the first game 2-1.

The State Home Lads open their season Friday afternoon against the Cleburne Yellow Jackets in Cleburne. The Lads during the past few afternoons have shown a great deal of fighting spirit and are determined to give the Yellow Jackets something to think about during the afternoon. It would not be a great upset, in view of the fact that the Masonic Home of Fort Worth defeated the highly touted Cleburnes last Friday, 6-0, for the Lads to completely whip the opposition Friday.

With the best prospects in several years for a winning combination the I. O. O. F. team starts the 1929 season Friday against the Malakoff eleven on the Odd Fellows field. In the meeting of the two teams last fall, the Henderson county team handed the scrapping Odd Fellows a terrible 35-0 whipping. That familiar dark brown taste still lingers in the mouths of the game fighters from the Odd Fellows Home, and they will put forth every effort to even the score in the game Friday.

Enright Accepts Nomination Given By Square Dealers

NEW YORK, Sept. 19. (AP)—Richard E. Enright, former police commissioner formally accepted the mayoralty nomination of the Square Deal party last night on a platform of law enforcement. He said he stood with President Hoover on the issue and charged Mayor James J. Walker with many Hall with responsibility for what he termed the complete breakdown of law enforcement in this city. Charging that vice and graft have been widespread under the Walker administration, he declared graft paid for protection of the \$2,000,000 spent on the city amounted to \$83,000,000 a year.

Grain and Provisions

Establishment of a market for whole milk or cream was announced by N. Suttle Roberts, chairman of the Dairy committee of the Corsicana Chamber of Commerce, after negotiations covering a period of several weeks.

Arrangements have been completed with the Southern Creameries, Incorporated, by which the farmers of Navarro county will be able to sell either whole milk or cream throughout the entire year. Full details of the enterprise can be secured from H. M. Montgomery, manager of the Southern Creameries in Corsicana. Mr. Roberts said Wednesday.

With the securing of a market, a proposed route extending along the concrete road to the Roane and Tupelo communities will probably be secured from H. M. Montgomery to the present plans some farmer along the highway will operate the route. It will not be operated by the purchasing company. As soon as other highways are completed the system of routes is expected to be extended.

Members of the dairy committee are now planning intensive work on the building up of the dairy herds in the county, both in numbers and in quality.

General Rains in Rio Grande Valley

BROWNSVILLE, Sept. 19. (AP)—General rains fell in the Rio Grande valley today, according to reports received here. The fall at Mission was 1.55 inches, at San Benito, .77, and at Rio Grande City, 2.3. The precipitation here measured 1.75. The rain caused a delay in air mail service between Brownsville and Mexico City.

PAVING MATTERS PASSED UPON BY CITY COMMISSION

BUSY SESSION OF CITY LAW- MAKERS TUESDAY WITH ALL MEMBERS PRESENT

Final passage of the ordinance levying the cost of improvements on South Seventh street and East Seventh avenue against property owners abutting those streets, final owners abutting those streets, final passage of the ordinance defining a peddler and providing for a license fee and a penalty for violation of the statute, and the first reading of an ordinance levying cost of improvements on Park Row (West Ninth avenue or Boulevard) comprised a part of the work of the regular meeting of the Corsicana city commission Tuesday afternoon. Mayor R. L. Wheelock presided at the session with Commissioners R. D. Fleming, W. P. Brown, G. L. Tatum, and W. C. Stroube, present. Other city officials in attendance included City Secretary J. P. Welch, City Attorney Wayne R. Howell, Fire Chief Elmer Keith, Assistant City Engineer W. V. Mowlam, Chief of Police Will S. Knight, Court Clerk Superintendent John Wilson, City Sanitary Engineer G. M. Crook, Street Overseer Watt Stewart, Corporation Judge H. S. Melear, and Tax Assessor and Collector W. P. Seal.

After the roll call and reading of the minutes of the last regular and special sessions, H. T. Jackson appeared before the commission with a complaint that was adjudged in short order. Driveway Objection To. Monsignor V. Graffeo of the Catholic church appeared before the commission with a complaint about the driveway that was constructed into the cemetery from West Second avenue. In order to complete the driveway, he declared that it would be necessary to excavate a grade for about forty feet, ruining several lots in the cemetery. He asked that the commission either construct the driveway so that it could be used or that they tear it away entirely as it was of no use as it was, and the church did not feel obligated for it.

Engineer Mowlam told the commission that the grade on the driveway had been doubled to allow as much relief as possible and that the drive had been built in the only way possible, according to the city statutes. Commissioners Fleming and Stroube were named as a special committee to look into the matter and report at the next meeting.

To Lower Water Mains
Mr. Hall, division engineer for the Cotton Belt in charge of the reconstruction of the railroad lines between Corsicana and Tyler, appeared before the commission asking that he be allowed to lower a large water main and a sewer line which ran under the line in East Corsicana. He asked that someone be named to supervise the work in behalf of the city, all of the change to be made at railroad's expense. The lowering was made necessary when the grade was lowered near the Hill yards of the Cotton Belt. The commission agreed that the offer was fair and turned the matter over to Water Commissioner W. C. Stroube.

The financial report of the city secretary was received and ordered filed. Street Commissioner Fleming reported that some trouble was being encountered at the dump grounds, and the commission agreed to visit the site after the meeting was adjourned.

Order Fence Paid For.
A bill for \$1,022.22 for a steel fence about the new standpipes and

about the new property on Twelfth street was approved and warrant ordered drawn. Water Superintendent Lewis reported that the engineers at Lake Halbert were still having some trouble with the pumps but that everything that was possible had been done until the consulting engineers had made their inspections.

Commissioner Brown presented that matter of new fire fighting equipment, but the commission ruled that the matter should be threshed out at some other time than at the regular session.

Commissioner Tatum reported that the negro owners of Sunset park had accepted the city's offer and that he had instructed them to present the proper papers to City Attorney Howell for his inspection before the deal was completed.

Peddling Ordinance Passed
An ordinance defining peddlers, providing for issuance of a license and providing for a penalty for violation of the statute was put on for its second reading and passed unanimously. The ordinance provides for a license fee of \$100 for the first vehicle and \$50 for the second. The commission declared that it would not be interpreted as a measure against the peddlers. A maximum penalty of \$100 was provided.

A resolution to close the public hearing on Park Row or West Ninth avenue was passed unanimously. No mention of the protests heard at the called session on September 5 was made. An ordinance levying the cost of improvements on this street against the property owners was put on for its first reading and passed unanimously on roll call.

A resolution ordering improvements on North Beaton street, and ordering the engineer to prepare plans and specifications was passed; followed by another that approved the plans and specifications and authorized the city secretary to advertise for bids.

Paving Ordinance Passed
The ordinance levying the cost of improvements on East Seventh avenue and on South Seventh streets against property owners was put on for its second and final reading and passed on roll-call.

Side-walk contractors bond of J. S. Warnell, and the plumbers bond of J. Lee Keller were approved. It was announced to the commission that with the aid of estate subscriptions, the paving on East Fifth avenue was connected onto North Seventh street. It was declared that the paving would have stopped a block short if this action had not been taken.

Regular quarterly per diems of the mayor and commissioners was ordered paid. The commission adjourned into executive session with County and City Engineer W. W. McClendon at 3:50.

SEEK VALIDATION OF BONDS
AUSTIN, Sept. 17.—(AP)—Hidalgo county water improvement number six has filed suit in Travis county against Attorney General Claude Pollard and others seeking validation of \$875,000 bond issue of the district dated September 10.

Former Corsicana Woman Is Married

W. B. Chauncey, who resides near Vernon, Wilbarger county, and Mrs. Gussie Sims Walker, daughter of Mrs. J. F. Sims, of Dawson, were married here Tuesday morning by Rev. F. P. Culver, pastor of the First Methodist church. Immediately after the ceremony, Mr. and Mrs. Chauncey left for Mr. Chauncey's ranch where they will reside. Mr. Chauncey formerly resided in the Dawson community.

NUMEROUS TRUCK PERMITS ISSUED BY STATE BODY

AUSTIN, Sept. 17.—(AP)—Truck permits were issued by the motor-vehicle division of the railroad commission today, as follows: Merchants Fast Motor Lines, Inc., Fort Worth; Abilene to Midland via Big Spring. Fred M. Milzar, Spearman; Spearman to Amarillo via Panhandle. Howard L. Butler, Valley Mills; Waco to Valley Mills. Yates Motor Line, Olney; Olney to Wichita Falls via Archer City. Central Freight Lines, Inc., Waco; Dallas and Fort Worth to Austin via Hillsboro. Andia Brothers, Clarendon; Amarillo to Childress via Memphis. Ernest C. Bauman, Gatesville; Gatesville to Waco. George Boomer, Groom; Groom to Amarillo. Jack Roberts, Celina; Denison to Frisco and McKinney and McKinney to Celina.

KANSAS GOVERNOR REFUSES REQUEST FOR J. W. TROTTER

TOPEKA, Sept. 17.—(AP)—Governor Clyde M. Reed today refused a request of the governor of Texas for extradition of James William Trotter, Hugoton, Kas., wanted under a grand jury indictment in connection with a \$649,000 dry dock payroll robbery at Galveston last May. Judge A. S. Foulks, parole attorney and executive clerk in the governor's office decided Trotter was not a fugitive from justice. Witnesses testified Trotter was in Hugoton the day of the robbery, and Trotter stated he never had been in Texas.

GREAT BRITAIN IS TAKING LEAD STOP TRAFFIC IN DRUGS

GENEVA, Sept. 17.—(AP)—Proposals for bringing the covenant of the League of Nations into harmony with the Kellogg renunciation of war pact were presented by the British and Peruvian delegations before the assembly's committee on constitutional questions today.

GENEVA, Sept. 17.—(AP)—The British delegation at the League of Nations assembly today presented a proposal regarded here as marking a great advance in the fight to limit manufacture and to check illegal traffic in dangerous drugs. The proposals designed to bring about an international agreement for control and limitation of production of heroin, morphine and cocaine were regarded as representing a complete reversal by the labor government of the late Baldwin government's attitude on the question of limitation and manufacture.

The new British position was announced to the assembly's committee on humanitarian and social questions by Noel Baker, member of parliament. The conservative government had declined to enter an agreement seeking to limit the manufacture of narcotics, and today's announcement was hailed as a great victory by persons interested in the control and suppression of illicit traffic in narcotics.

PECAN CROP FOR NAVARRO COUNTY APPEARS BE GOOD

The Navarro county pecan crop this year gives promise of being one of the best for the past several years, according to those who have made a survey of the situation here. The trees appear to be well loaded with nuts of a large and uniform size in the native pecan districts, while the cultivated pecans show a good yield and the luts are of such size as to command a premium over the average market price.

Pecans are shipped out of Corsicana, Kerens and some other Navarro county towns in carload lots during good crop years and are becoming a large source of income to the county.
